- Trim nose and ears hair

PrecisionTrim Technology

- Effortless trimming from any angle

Built to last

- Warranty for purchase protection

Nose trimmer series 1000

Nose and ear trimmer

NT1650/16

Highlights

Remove unwanted hair

Easily reach and remove unwanted nose and ear hair comfortably. Ensure your nostrils are clean before use and carefully insert the trimmer inside your nose no more than 0.5 cm and slowly circulate it. When trimming ear hair, ensure ears are free of wax.

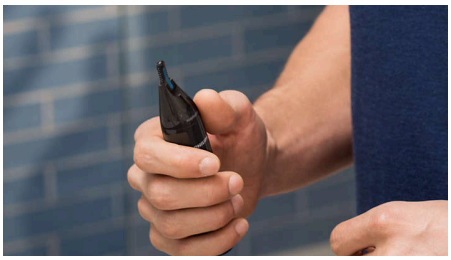
Protective Guard System

A nose, ear and eyebrow trimmer engineered for safety and comfort, the Protective Guard System covers the blades to ensure they don't make direct skin contact. It's also made to minimise missed hairs, pulling or tugging.

PrecisionTrim technology

Our innovative, dual-sided precision trimmer cuts quickly and effortlessly from any angle and in any direction.

Easy handling



The textured handle gives you better grip and control when using your nose trimmer for men, and the on/off switch is positioned for easy operation.

Fully washable

The best nose and ear hair trimmer is one that works with your routine. Simply rinse your trimmer after using it to keep it in optimum condition.

Lithium battery included

Start using your ear and nose trimmer straight away, with the AA battery included in the box.

2-year worldwide guarantee

All of our grooming products are built to last. They come with a 2-year warranty and never need to be oiled.
