Product Description

If you have a USB-C enabled device and need to work on multiple screens, the SD4839P is the ideal docking station. Simply connect any USB-C laptop running Windows 10 or later and choose the right connections and resolutions for your needs. The nine-in-one design expands your connectivity options. A zero-footprint mounting option and security cable lock slots maximises desktop space, reduces clutter and protects your investment

Features

- Best For: Windows USB-C laptops that support Power Delivery, and monitors that support up to dual 4K

- Connection Technology: USB-C Alt Mode

- Power Delivery: 85W

- Compatibility: Windows 10 or later

- No. of Monitors Supported: 3

- Video Ports: HDMI, DP++

- Maximum Resolution Supported: 3 x 1080p @ 60Hz

- Plug and Play: Plug and play installation, though installation of Kensington DockWorks™ software is recommended for the best connection, performance and security from your Kensington docking station

- System Requirements: Host device must support Power Delivery and DisplayPort Alt Mode over USB-C

- Warranty: Three-year limited warranty
