

FOUR-LEAF NYLON CORD 1.65-15M

E-01731

The Four-Leaf shaped cord decreases the noise level. Therefore it is ideal for use with low noise cordless brush cutters & line trimmers. Increased work amount per charge due to the Four-Leafed shape that has less air resistance than round nylon line.

TECHNICAL SPECIFICATIONS

Nylon line- Diameter Nylon line- Length 1.65 mm 15 m

USER BENEFITS

- Ideal for use with low noise cordless brush cutters & line trimmers
- Increased work amount per charge
