AK6 RGB

If you want a stylishly modern glass look for your hardware, then the AK6 RGB is just what you need! This eye-catching ATX case not only puts the focus on the hardware, but also on a good airflow. This is thanks to four pre-installed addressable RGB fans along with a specially designed intake of air through a side panel. In addition, the AK6 RGB is equipped with modern connectivity, broad BTF mainboard compatibility, and plenty of space for components.

Features

- **STYLISH GLASS LOOK**
  A special highlight of the AK6 RGB is the modern look of the tempered glass, which forms a continuous window around the front and side of the case.

- **IDEAL AIRFLOW FOR GLASS PC CASES**
  For an ideal airflow, the AK6 RGB comes with four pre-installed addressable 120 mm RGB LED PWM fans, three of which have a reverse airflow to draw air into the case through the side panel. For even more airflow, there is enough room for up to nine fans.

- **SPACE FOR UP TO TWO RADIATORS**
  If you prefer water cooling for the AK6 RGB, a 360 mm radiator can be simultaneously operated with another radiator of up to 280 mm.

- **SUPPORT FOR BTF MAINBOARDS**
  In addition to conventional mini-ITX, micro-ATX or ATX mainboards, the AK6 RGB is compatible with almost all BTF formats on the market.

- **IDEAL CONNECTIONS**
  On the left side of the AK6 RGB, a TRRS port and a USB-C port are also available, allowing up-to-date connectivity with a wide range of mobile and peripheral devices. In addition, a controller provides the connection and operation of up to four LED components and four PWM fans.

- **SPACIOUS DESIGN INSIDE**
  The AK6 RGB can accommodate large graphics cards of up to 41 cm, while mounting support is provided by a rubberized graphics card holder. CPU coolers with a height of up to 17 cm will find room in the case, as well as power supply units with a length of up to 23.5 cm. And there is installation space for up to two 3.5" HDDs or four 2.5" SSDs.

Specifications

Product Name	AK6 RGB
Form Factor	ATX
Expansion Slots	7
Interior Painting	✓
Tool-Free Devices Installation	✓
Cable Management System	✓
Side Panel	Tempered Glass
Graphics Card Holder	✓
Color Versions	Black, White
Dimensions (L x W x H)	43.5 x 22.5 x 48.5 cm

Max. Drive Bays

2 x 3.5" | 4 x 2.5"

I/O

Type-C (USB 3.2 Gen 2): 1 | USB 3.0 (Left): 2 | Audio (Left): TRRS

Fan Configuration

Side Panel	3x 120 mm Addressable RGB LED PWM Fan (Pre-installed) or Radiator* (Optional)
Rear Panel	1x 120 mm Addressable RGB LED PWM Fan (Pre-installed)
Top Panel	3x 120 mm or 2x 140 mm Fan or Radiator (Optional)
Bottom Panel	2x 120 mm Fan (Optional)
PWM Fan Hub	4-Port

RGB Compatibility

Type	Addressable
Ports	4
Manual Control	22 Modes
Mainboard Compatibility	MSI Mystic Light Sync, ASUS Aura Sync, Gigabyte RGB Fusion Ready, ASRock Polychrome Sync
RGB Pinout	5V-D-coded-G

Compatibility

Mainboard	Mini-ITX, Micro-ATX (BTF), ATX (BTF)
Max. Length Graphics Card	41.0 cm
Max. Height CPU Cooler	17.0 cm
Max. Length PSU	23.5 cm
Max. Height Radiator incl. Fan (Top)	6.0 cm

Package Contents

AK6 RGB, Accessory Set

EAN Code

AK6 RGB Black	4044951041695
AK6 RGB White	4044951041701

*A graphics card length of more than 26 cm may conflict with radiator installation on side panel
