- Sponge brush for delicate surfaces
- Soft brush for multipurpose use
- Hard brush for tough surfaces
- Including 4 x AA batteries

Highlights

Effective cleaning

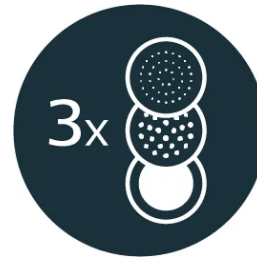

With up to 500 rotations per minute, the Philips Sneaker Cleaner delivers an effective clean.

Simple to use

Simply wet the brush with water and soap, switch on the Philips Sneaker Cleaner and wipe the trainer with a clean towel when done.

Three brush heads

Select the sponge, soft or hard brush to safely clean the material that your trainer is made of.

Take it with you

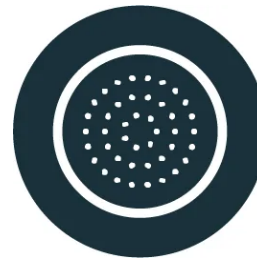

You can take the battery powered Sneaker Cleaner with you on the go, so you can enjoy clean trainers no matter where you are.

Sponge brush

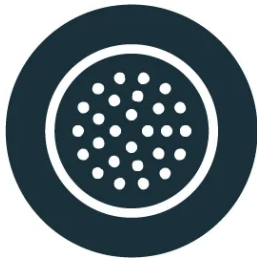

The sponge brush is ideal for use on delicate materials like PVC, leather, suede and smooth rubber.

Soft brush

The soft brush is designed to use on multiple surfaces and ideal for mesh and canvas.

Hard brush

The hard brush is great to use for tough materials like textured rubber or the rubber sole of your trainer.

Battery powered

The Philips Sneaker Cleaner comes with 4 x AA batteries included so you can start cleaning your trainers right away.
