- Suction feet for no vibrations during use
- 2 year warranty
- Unique ProBlend system ensures smooth consistency
- Ergonomic and robust design for ease of use

** Tested in MAX mode on various recipes

**** If considered a glass of 200 ml

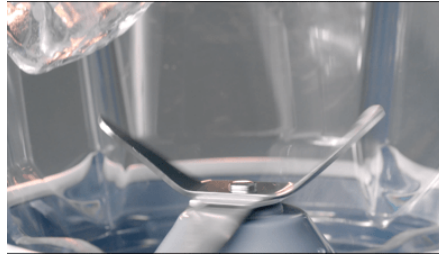

Highlights

Ice crushing

Use the Philips ProBlend system plus the pulse setting to crush ice cubes into fine pieces in just 45 seconds**. Perfect for your favourite chilled drinks and smoothies, and great for special desserts.

Stainless steel blades

The Philips Blender 3000 Series 600w features durable stainless steel blades that stay sharp and free from rust or tarnishing for longer.

Multi-speed settings

Produce a wide range of drinks and enable fast ingredient preparation for your favourite meals with 2 speed and pulse settings to choose from. Useful for ingredients like herbs, spices and veggies, for grinding coffee and even for crushing ice to make a delicious chilled smoothie.

2 L family size jar

Serves up to 6 drinks (based on 200 ml glass size) thanks to the Philips 3000 Series Blender's 1.25 L effective capacity.***

NutriU app

Download and discover the NutriU app with 200+ ideas on how to make your favourite drinks, meals and snacks with your new Philips blender. Healthy cooking should be simple and leave your family wanting more. That is why the NutriU app offers a variety of healthy alternatives to your favourite dishes. From healthy chocolate desserts to nutrient-packed main meals, we create our recipes healthy but without compromising on delicious flavours.

Motor Thermo Protection sensor

Special Motor Thermo Protection (MTP) sensor is designed to prevent the motor from overheating and protects from over-current condition during use.

Anti-vibrate feet

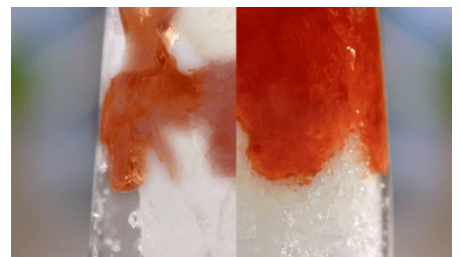

The blender features suction feet for stability and to ensure that it doesn't vibrate during use.

Warranty

For additional peace of mind, the Philips HR2291/01 blender comes with a 2 year warranty.

ProBlend system

Unique ProBlend system perfectly combines 3 technologies, custom-designed to ensure smooth blending with no lumps in just 45 seconds*. The 600 W power motor drives the blending flow to circulate all of your ingredients evenly, while the innovative blade design is specially shaped to maximise the cutting area. Last but not least, the jar is designed with unique ribs to continuously guide ingredients back into the blending flow.

Specifications
