Inner tent: (220cm x 140cm x 170cm) x 2

Outer tent: 460cm x 230cm x 185cm

Pitching dimension: 470cm x 240cm

**INTRODUCTION**

**Proper Use**

Any use other than that described or any modification of the product is not permissible and may result in injury and/or damage to the product. The manufacturer is not liable for damage caused by improper use. The product is not intended for commercial use.

**WARNING**

**IMPORTANT SAFETY INSTRUCTIONS  
READ AND FOLLOW ALL INSTRUCTIONS**

Keep all flames and heat sources away from this tent fabric. We recommend that you always position your tent upwind from a camp fire. This will reduce the chances of having embers land on your tent. In case of fire, please find the exit to escape from the fire.

Never set up the tent near the river, under the tree of other objective hazards.

Keep exits clear.

Make sure ventilation openings are open all the time to avoid suffocation.

**SAVE THESE INSTRUCTIONS**

**Choose a suitable site**

Removing any sharp objects, which might damage the groundsheet.

**WARNING:** Poles contain fiber glass. We strongly recommend wearing gloves during assembly to avoid irritating hands.

#### MAINTENANCE AND STORAGE:

1. Clean the tent and remove any stains with sponge and cool water. Please use non-detergent soap for serious cleaning.
2. Please allow all parts to dry thoroughly before you repack the tent. This will prevent the formation from mould, bad odours and discolouration.
3. Use sleeve and tapes (not included) to connect broken frame parts. Use tapes to repair the minor leaks.
4. Silicone spray could be use onto zippers if stick.
5. Store the tent in the stuff sack and place it in a cool, dry area out of sunlight and away from heat sources and rodents.
