- Easy checking of pulp with see-through pulp container
- Quick and easy assembly of all parts
- Juice up to 2 L in one go
- Powerful 800 W motor
- XL feeding tube (75 mm)

Highlights

QuickClean technology

The Philips juicer is designed for easy cleaning thanks to QuickClean technology. Cleaning can now be done within 1 minute, thanks to the integrated pulp container and smooth surfaces.

Pre-clean function

The Philips juicer is the 1st centrifugal juicer on the market with a pre-clean function. By pouring water into the pusher, you can create a water fountain in the appliance, which rinses away the unwanted fibres from the lid and makes the sieve easier to clean.

Integrated pulp container

The pulp will all be collected in the only place where it should be: in the pulp container of your Philips juicer. That means you no longer need to remove pulp from other parts such as the lid. Due to the round design and smooth surfaces without nooks and crannies, the pulp is easy to reach and the container is much easier to clean.

QuickClean sieve

A lot of pulp fibres usually get stuck in the sieve, which makes it very difficult to clean. Thanks to the innovative QuickClean technology, all surfaces of the sieve are smooth, which helps you wipe away the fibres with a standard kitchen sponge.

Smooth and easy to clean

The juicer is designed with round shapes and smooth surfaces to facilitate easy rinsing under the tap.

See-through pulp container

Enjoy a true interactive juicing experience. The lid and the pulp container are transparent so you can see your fruits and vegetables being juiced. You also directly see when the container is full, which means it is time to empty it.

Quick and easy assembly

Quick and easy assembly of all parts.

Juice up to 2 L in one go

You can make up to 2 L of juice in one go without needing to empty the pulp container.

Powerful 800 W motor

Juice the toughest fruits and vegetables effortlessly with the strong 800 W motor.

Specifications

General Specification

Primary Material: ABS Plastic
Non-slip feet: Yes
Product Type: Juicer
Cord length: 1 m
Interface: Rotary Knob
Dishwasher-safe parts: No
Blade Material: Metal
Pulse function: No
Detachable blades: No
Jar material: Plastic
Warranty: Yes
EU declaration of conformity: Yes

Technical Specifications

Voltage: 220-240 V
Power: 800 W
Frequency: 50/60 Hz
Battery Product: No

Weight and Dimensions

Product Length: 255 mm
Product Width: 255 mm
Product Height: 457 mm
Product Weight: 4 kg
Package Weight: 4.19 kg

Safety feature

Automatic blade stop: No

Country of Origin

Produced In: China

Publication Date
2025-09-07
Version: 20.20.1
