

**PHILIPS**

## Philips Air Humidifier 2000 Series

HU2510/10

- Up to 99% less bacteria (1)
- NanoCloud technology emits pure water vapour
- 2L easy-fill water tank
- Covers rooms up to 31 m<sup>2</sup>
- Ultra-quiet to not disturb your sleep

## Cleaner, quieter humidification

Breathe clean, fresh air at home

- Up to 99% less bacteria with NanoCloud technology (1)
- No white dust or damp patches
- Safe, effective and completely natural (3)
- Real-time water tank level feedback
- Smart design for ease of use
- Tested for durability + quality
- Energy-efficient design
- Effective in rooms up to 31 m<sup>2</sup>
- Gentle mode for quiet nights

\*(1) Compared to standard ultrasonic humidifier modules that do not contain additional technology to reduce the spread of bacteria, as tested by an independent lab

\*\* (2) Deposition of minerals on furniture was tested by a third-party laboratory over a period of 3 hours according to DIN 44973, IUTA e.V.

\*\*\* (3) Tested by GB 21551.3-2010 in a third-party laboratory. Ozone, TVOC, PM10 and UV intensity are below the limitation.

\*\*\*\* (4) Tested by GB/T 23332-2018 in a third-party laboratory. Initial temperature 23±2°C and relative humidity of 30±5%.

\*\*\*\*\* (5) Calculated based on a full 2 L water tank with 190 ml/h humidification rate.

Up to 99% less bacteria (1), NanoCloud technology emits pure water vapour, 2L easy-fill water tank, Covers rooms up to 31 m<sup>2</sup>, Ultra-quiet to not disturb your sleep

HU2510/10

# Highlights

## NanoCloud hygienic evaporation

Unique NanoCloud technology uses natural evaporation to emit pure water vapour. NanoCloud's ultra-fine mist is invisible to the eye and extremely difficult for bacteria or residue to attach to. Humidifies the air with up to 99% less bacteria released than standard ultrasonic humidifiers. (1)

## No white dust or wet floors

NanoCloud's invisible mist does not release white dust or leave wet patches in your room (2). Larger droplets emitted by ultrasonic humidifiers may dampen the surroundings and carry minerals that leave white residue on nearby surfaces. NanoCloud particles are too small to carry minerals, effectively preventing residue and stains.

## Safe and effective technology

NanoCloud technology uses natural evaporation, widely recognised as a hygienically safe and effective method of humidification. No ions, chemicals or ozone are used (3), and no water is heated, so there is no risk of burns.

## Water tank status indicator

When the water tank is empty, the humidifier automatically shuts off and the light turns on to indicate that a refill is needed.

## Ease of use

A large water tank provides hours of non-stop humidification. Refilling is as simple as lifting off the top. The easy-to-clean design helps keep the humidifier and the air in your home clean and hygienic.

## Tested for quality

When choosing Philips, you choose a trusted brand with more than 80 years of experience and innovation in air care and health tech.

## Low energy consumption

Thanks to its energy-efficient design, it consumes a maximum of 10 W. This is equivalent to one LED light bulb.

## Long run time

2 fan speeds deliver the performance and comfort you choose. Hygienically humidifies a 31 m<sup>2</sup> room for up to 10.5 hours before refilling. (4,5)

## Low noise

Gentle mode is as quiet as a whisper with only 32 dB(A) sound pressure for a restful night's sleep.

# Specifications

## General Specification

Product Type: Humidifier  
Technology: Evaporative humidification  
Colour: White  
Primary Material: Plastic  
Capacity Water tank: 2 L

## Energy efficiency

Stand-by power consumption: <0.5 W  
Voltage: 220–240 V  
Maximum power: 11 W

## Maintenance

Warranty: 2 years  
Filter lifetime: Up to 6 months

## Compatibility

Included Accessories 1: Humidification filter  
Related Accessories 1: Humidification filter (FY1190)  
Related Accessories 2: Aroma pads (FY5100)

## Country of Origin

Produced In: China

## Technical Specifications

Min. sound level: 32 dB(A)  
Max. sound level: 45 dB(A)  
Humidity sensor: Yes

## Performance

Runtime: 10.5 hours  
Humidification rate: 190 ml/h  
Max. room size: 31 m<sup>2</sup>

## Usability

Cord length: 1.2 m  
Speed settings: 2  
Interface: Button

## Safety feature

Automatic shut-off: Yes  
Water tank full alert: Yes

## Weight and Dimensions

Product Height: 324 mm  
Product Weight: 1.661 kg  
Package Length: 231 mm  
Package Width: 225 mm  
Package Height: 366 mm  
Package Weight: 2.457 kg  
Product Length: 184 mm  
Product Width: 184 mm
