- 2300 W of fast, high-performance drying power
- Fast drying, powerful AC motor

Less hair damage

- Ionic care for smooth, frizz-free, shiny hair
- ThermoProtect temperature setting
- More care with Style and Protect concentrator

Highlights

Professional AC motor

The Pro Hair Dryer has a high-performance AC motor with up to 170 km/h (99 mph)* air speed, which is 50% faster**. It is developed for professional, effective results.

2300 W of power

This 2300 W professional hair dryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Ionic care

Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is hair that is smooth, shiny and frizz-free.

ThermoProtect temperature

The ThermoProtect temperature setting provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results while caring for your hair.

2 thin styling nozzles

Perfect styling results with a concentrator for every need. The 6 mm nozzle for precise styling with maximum care, and the 8 mm nozzle for hair brushing and polishing.

Style and Protect concentrator

The uniquely designed Style and Protect concentrator with a special flap allows precise styling, while caring for your hair. The 6 mm nozzle forces the flap to open when the hair gets too hot, dissolving excessive heat and improving styling power.

Accurate control

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure optimal control for precise and tailored styling.

Cool Shot

A must-have professional function, the Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

3 m cord

The professional 3 m cord reinforces the ease of use anywhere you want.

Long-lasting warranty

Extend your 2 year warranty, with 3 extra years if you register your product online within 3 months of purchase.
