

**Product name: ENDORFY Scrim BK**  
**Product code: EY8A001**

We designed the ENDORFY Scrim BK so that you can fit together like two puzzle pieces. The tall, profiled backrest and wide seat support your body, while the memory foam cushions wrap around your cervical and lumbar regions like a professional physiotherapist.

On top of that, you have the ~~transformer function~~ [multi-level seat adjustment](#). You'll set the angle of the backrest (from 90° to 150°), the seat (up-down), and the armrests (up-down, parallel right-left, front-back, and around its axis). The ENDORFY Scrim BK is equipped with a top-of-the-line gas-lift with a lifting capacity of up to 120 kg, so you can change positions without worrying about ending up on the floor.

Because the floor is lava.

### **Make yourself at home (in a chair)!**

The Scrim BK is as comfortable as a pile of soft (and [black](#) as Odin's ravens) pillows. Your back won't even feel that you've been playing your favorite shooter for hours — we've tested it several times just to be sure.

That's thanks to the wide seat and high backrest made of cold-pressed foam that masterfully keeps its form even after months of intensive use. You also get two memory foam cushions, which stabilize the spine in strategic places — the cervical and lumbar sections. We adjusted them for people between 1.70 and 1.95 m tall.

### **You + the Scrim BK = <3**

When you spend half your life at the PC, you know all the nasty things a computer chair can do to your spine. That's why we made sure that the Scrim BK [fine-tunes](#) to you at all strategic points.

Simply adjust every element of the chair and you're good to go ~~to~~ [sit](#). You can change the height of the seat (450-490 mm), set the armrests (up-down, parallel right-left, front-back, and around its axis), and the angle of the backrest (from 90° to 150°).

The Scrim BK also has a multilock mechanism. In practice, this means that you can choose one of five seat angles – or unlock it completely. multilock harmonizes with a wide range of backrest adjustments, so you can choose the most comfortable position. The whole thing is held up by the highest – fourth – class of a gas-lift that holds up to 120 kg (or 150 kg, if you [don't](#) move).

### **Just breathe [breathable materials](#)**

The Scrim BK will last for years. We finished it with two types of durable fabric – eco leather on the sides and breathable material that ensures air circulation on the seat and backrest. You can ~~work~~ [play](#) for hours without the risk of getting as hot as a PC after a full night of gaming on the highest settings.

In the summertime. Without air conditioning.

**ENDORFY Scrim BK – main features:**

- Eye-catching design
- Comfortable construction
- High quality material
- Multi-level regulation
- 4D armrests
- Multilock mechanism

#### **ENDORFY Scrim BK – technical specifications:**

- Product code: EY8A001
- EAN: 5903018666549
- Product type: gaming chair
- Color: black
- Dimensions (H×W×L): 128×74×69 cm
- Material: PU leather, fabric
- Backrest:
  - Height: 850 mm
  - Thickness: 60 mm
  - Inner width: 320 mm
  - Outer width: 560 mm
  - Minimum incline angle: 90°
  - Maximum incline angle: 150°
- Seat:
  - Minimum height (from ground level): 450 mm
  - Maximum height (from ground level): 500 mm
  - Inner width: 400 mm
  - Outer width: 540 mm
  - Thickness: 100 mm
  - Depth: 500 mm
  - Type of rocking mechanism: multilock
- Armrests:
  - Minimum height: 295 mm
  - Maximum height: 365 mm
  - Rotation adjustment: yes
  - Position adjustment: yes (front, rear, left, right)
- Base:
  - Arm length: 330 mm
  - Gas lift type: 160 mm, class 4
- Wheels:
  - Diameter: 60 mm
  - Material: nylon
- User:
  - Minimum height: 170 cm
  - Maximum height: 195 cm
  - Maximum weight: 120 kg
- Warranty: 24 months

#### **ENDORFY Scrim BK – logistics data:**

- Retail box dimensions: 840×650×375 mm
- Weight (net): 24.4 kg
- Weight (gross): 27.7 kg

#### **Set includes:**

- Scrim BK gaming chair
- Cushions: lower (lumbar) and upper (cervical)
- Installation kit
- Safety instructions
