| Expansion Slots                 | 4                                                                                                                                                                                     |
| GPU Clearance                   | Supports GPU up to 327mm                                                                                                                                                              |
| CPU Clearance                   | Supports CPU up to 161mm                                                                                                                                                              |
| Air Cooling                     | Front: 120mm x 3 or 140mm x 2 (Includes 120mm Frost Fan x 3)<br>Top: 120mm x 2 (Optional)<br>Rear: 120mm x 1 (Includes 120mm Frost Fan x 1)<br>Supports VGA Fan: 120mm x 2 (Optional) |
| Liquid Cooling                  | Front: 120/240mm Radiator (Optional)<br>Top: 120/240mm Radiator (Optional)<br>Rear: 120mm Radiator (Optional)                                                                         |
| I/O Ports                       | USB3.0 x 2   HD Audio & Mic.                                                                                                                                                          |
| Net Weight/Gross Weight         |                                                                                                                                                                                       |
| Internal Cable Management Depth | 24mm                                                                                                                                                                                  |
| Power Supply                    | ATX PSU (Including cables, up to 166mm) (Optional)                                                                                                                                    |

### Warranty

2 years

## Features

1. Comes equipped with three 12cm Fixed RGB fans in the front and one 12cm Fixed RGB fan in the rear of the case
2. Mesh front panel design allows for clear viewing of your front LED fans while providing superior air flow and circulation
3. Comes equipped with a full tempered glass side panel to showcase the inside of your rig
4. Supports liquid cooling:
  - Front: 120/240mm Radiator (Optional)
  - Top: 120/240mm Radiator (Optional)
  - Rear: 120mm Radiator (Optional)
5. Supports air cooling:
  - Front: 120mm x 3 or 140mm x 2 (Includes 120mm Frost Fan x 3)
  - Top: 120mm x 2 (Optional)
  - Rear: 120mm x 1 (Includes 120mm Frost Fan x 1)
  - Supports VGA Fan: 120mm x 2 (Optional)
6. Supports high-end graphics cards up to 327mm
7. Supports CPU coolers up to 161mm
8. Supports up to 2 x 3.5" HDDs (1 x 3.5" and 1 x 2.5"/3.5") and 3 x 2.5" SSDs (2 x 2.5" and 1 x 2.5"/3.5")
9. Dual chamber design for improved ventilation
10. Removable dust filters in the front, top, and bottom of the case for convenient maintenance
11. Comes in 2 available color options: Black and White
