Highlights

Digital length control

Use the Control Buttons to precisely select and lock in the length you want, with more than 60 length settings. Use the comb to trim with precisely 0.2 mm increments between 1 and 7 mm, and 1 mm between 7 and 42 mm. Or you can use it without the comb for a close 0.5 mm trim.

Self-sharpening titanium blades

Looking good has never been easier with Philips. Our self-sharpening titanium blades are incredibly long-lasting, maintaining their sharpness from day one even after 5 years

PowerAdapt sensor

An even haircut, personalised to you. The PowerAdapt sensor automatically adjusts the motor to match your unique hair density, providing precisely the right cutting power at any length.

Memory Function

Your perfect haircut, every time. The smart hair clipper's memory function remembers your 3 preferred length settings, saving you time and hassle while achieving your ideal look.

Motorised Combs

Lock in your desired hair length with 0.1 mm accuracy and effortlessly maintain it with Philips' motorised length setting system, designed for precision.

DualCut Technology

Enjoy your desired look with precision. Philips DualCut technology features a double blade system designed to maintain day-one sharpness, consistently delivering equally sharp results, every time.

Hair clipper is built to last with no oil required

All of our Hair clipping products* are built to last. They come with a standard global 2 year warranty, including the option to extend up to 5 years,** and they never need to be oiled.

Powerful cordless use

Don't get tangled up in your cordless hair clippers – a 1 hour charge provides up to 120 minutes of powerful clipping time. Or keep it plugged in for uninterrupted trimming.

Up to 2-year guarantee

A grooming product built to last: the warranty offers coverage for up to 5 years, including a 2-year standard global warranty, with an additional 3 years available upon registering the device within 90 days of purchase.
