Shaver Series 5000

SteelPrecision blades

Power Adapt sensor

360 D Flexing heads

Integrated pop-up trimmer

S5898/79

Powerful shave, gentle on skin with SkinIQ Technology

The Philips Series 5000 delivers a powerful shave, cutting now even more hair per stroke*. Equipped with advanced SkinIQ technology, the shaver senses and adapts to your hair density, for improved skin comfort.

A powerful shave

- Unique OneBlade Technology
- Flexible heads follow your facial contours
- Powerful performance in every pass
- Engineered for precision and cutting efficiency

SkinIQ technology

- Adjusts to your beard for effortless shaving

For a convenient shave

- Deep cleaning in just 1 minute for hygienic shaving
- Up to 60 minutes of cordless shaving when fully charged
- 1 hour charging time and 5 min quick charge
- LED display with icons to use the shaver intuitively
- Shave wet, dry and even under the shower
- Precision trimmer integrated in the handle

Sustainability

Shaver Series 5000

Wet and Dry electric shaver

S5898/79

Highlights

SteelPrecision blades

With up to 90,000 cutting actions per minute, the SteelPrecision blades shave 17% closer*, cutting more hair per stroke. The 45 high-performance blades are self-sharpening and made in Europe.

Power Adapt sensor

Dynamically adapts shaving power from the moment the shaver touches your face or head. It reads hair density 250 x per second. Adjusts to your beard for effortless shaving.

360 D Flexing heads

Fully flexible heads turn 360° to follow the contours of your face and head. Experience optimal skin contact for a thorough and comfortable shave.

Hair-Guide Precision heads

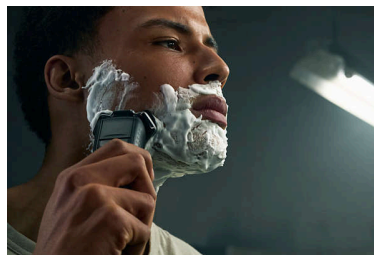

The new shape of the shaving heads is engineered for precision. The surface is enhanced with hair guiding channels, designed to move hair into an effective cutting position.

Cable-free Quick Clean Pod

Powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute, keeping it performing at its best for longer. The pod is 10 x more effective than cleaning with water**. It is the world's smallest cleaning pod, so you can store it easily and use it anywhere.

Wet & Dry

Adapt your shaving routine to your needs. With Wet and Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam, even under the shower.

Unique OneBlade Technology

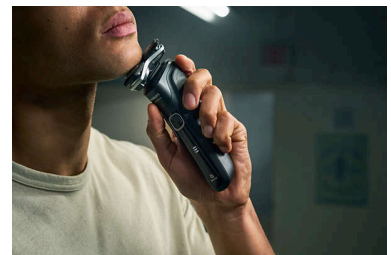

The Philips OneBlade trims, edges and shaves any length of hair. It delivers an easy and comfortable shave thanks to a glide coating and rounded tips. And with a cutter that moves at 200 x per second, it's efficient even on longer hairs.

Pop-up trimmer

Complete your look using the shaver's pop-up precision trimmer. Integrated into the shaver's body, it's the perfect way to maintain a moustache and trim sideburns.

60 minutes of cordless shaving

Shave cordlessly for up to 60 minutes after one full battery charge.

Shaver Series 5000

Wet and Dry electric shaver

S5898/79

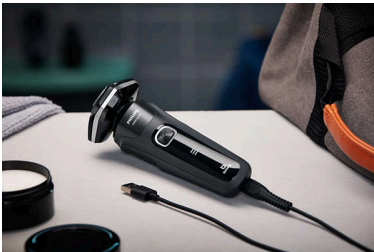

Highlights

1 hour charging time

Charge your shaver fully in just 1 hour with the powerful and energy efficient lithium-ion battery. In a hurry? Plug in your shaver for 5 minutes and get enough power for 1 full shave.

USB-A charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimise the number of USB adapters we put in the market. Should you need an adapter, a suitable supply unit is available via: www.philips.com/support

Sustainable shaving innovation

Our production facility for blades uses 100% renewable electricity, and our packaging is made with recyclable materials. All shavers come with an Eco passport.

LED display

The intuitive display shows relevant information, enabling you to get the best experience out of your shaver. This interface includes: 3 level battery status, cleaning advice and travel lock indicator.

Up to 5 years' warranty***

Our shavers are engineered for excellence and come with up to a 5 year extended warranty when you register your product, so you can enjoy ultimate reliability and performance, shave after shave.
