

The image displays the LEGO Minecraft set 21118, 'The Overworld Temple'. The central feature is a tall, multi-tiered temple structure built primarily from brown and grey bricks. It has a large central opening and a smaller one on the side. The base is surrounded by a green grassy area with small yellow and orange flowers, and a small blue body of water. To the left, there is a small shrine-like structure with a white and brown design. To the right, there is a small grey and orange structure, possibly a shrine or a small house. Several Minecraft characters are included: a skeleton, a zombie, a pig, and a player character. The set is shown against a plain white background.
