OVERVIEW

Define One

Quiet redefined

Define One is a closed-front ATX PC case combining clean Scandinavian design with quiet gaming capability and everyday usability. It features aluminum side intake vents, subtle architectural curvature, and premium details for a refined visual expression shaped around timeless, functional design.

With support for modern high-end components, it comes equipped with three powerful Momentum fans, space for graphics cards up to 368 mm in length, support for radiators up to 360 mm in the front and 280 mm in the top, and compatibility with rear-connector motherboards. With removable brackets and integrated cable routing features, Define One delivers a smooth and intuitive building experience.

Key features

- ▶ Closed-front design balancing cooling capability with a timeless, refined exterior finish.
- ▶ Minimalist expression with subtle curvature and fine-patterned aluminum side intake vents.
- ▶ Includes three pre-installed LCP-blade Momentum fans for quieter, powerful performance.
- ▶ Space for graphics cards up to 368 mm in length and includes an adjustable support bracket.
- ▶ Compatible with front-mounted radiators up to 360 mm and top-mounted up to 280 mm.
- ▶ Features an integrated front air guide that helps direct airflow toward the graphics card.
- ▶ Offers a smooth build experience with tool-less access and removable top and front fan brackets.
- ▶ Includes adjustable cable straps, aligners, and a routing grommet for a neatly finished build.
- ▶ Supports E-ATX motherboards up to 277 mm and reverse connector motherboards up to ATX.
- ▶ Enjoy a quieter gaming experience with bitumen-lined panels and airflow engineering.
- ▶ Accessible front I/O includes a USB Type-C port, two USB Type-A ports, and an audio jack.
