

ATX MID - TOWER COMPUTER CASE

i3 NEO V2

BLACK / WHITE

- Mesh design optimized for airflow
- 4 pre-installed fixed RGB fans for lighting effects
- Tempered glass side panel with door-style opening
- Built-in USB 3.2 Gen 2x2 Type-C port for modern connectivity
- Top panel supports up to a 360 mm liquid-cooling radiator
- Expanded interior space for easier system assembly

Powerful cooling with vivid RGB lighting

Front mesh panel & pre-installed fixed RGB fans

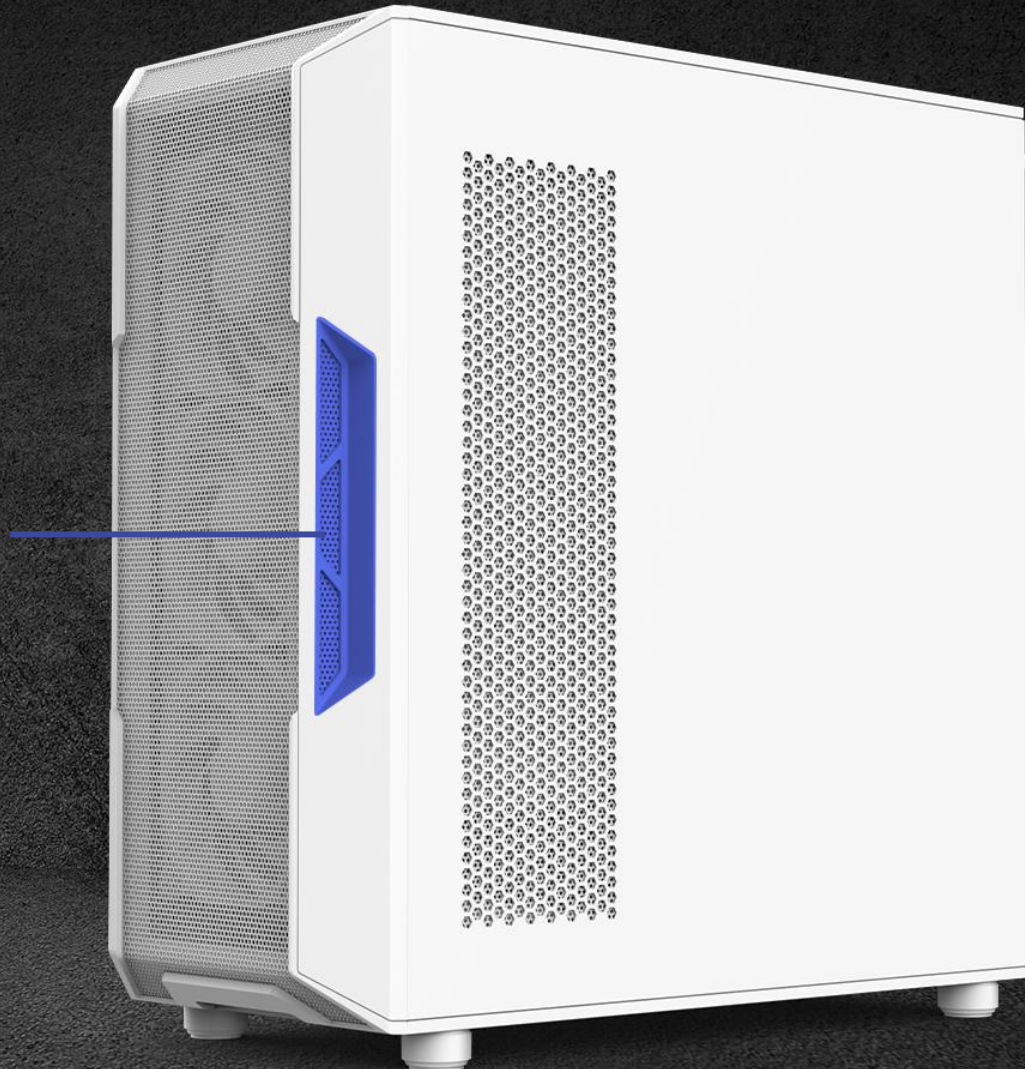

Stylish front mesh design with RGB fans ensures superior airflow performance

Designed to support up to 9 fans, delivering exceptional cooling performance and stunning RGB illumination

Distinctive front-side air vents for both style and airflow

Side air vents on the front panel add a design accent to the mesh bezel, enhancing overall aesthetics.

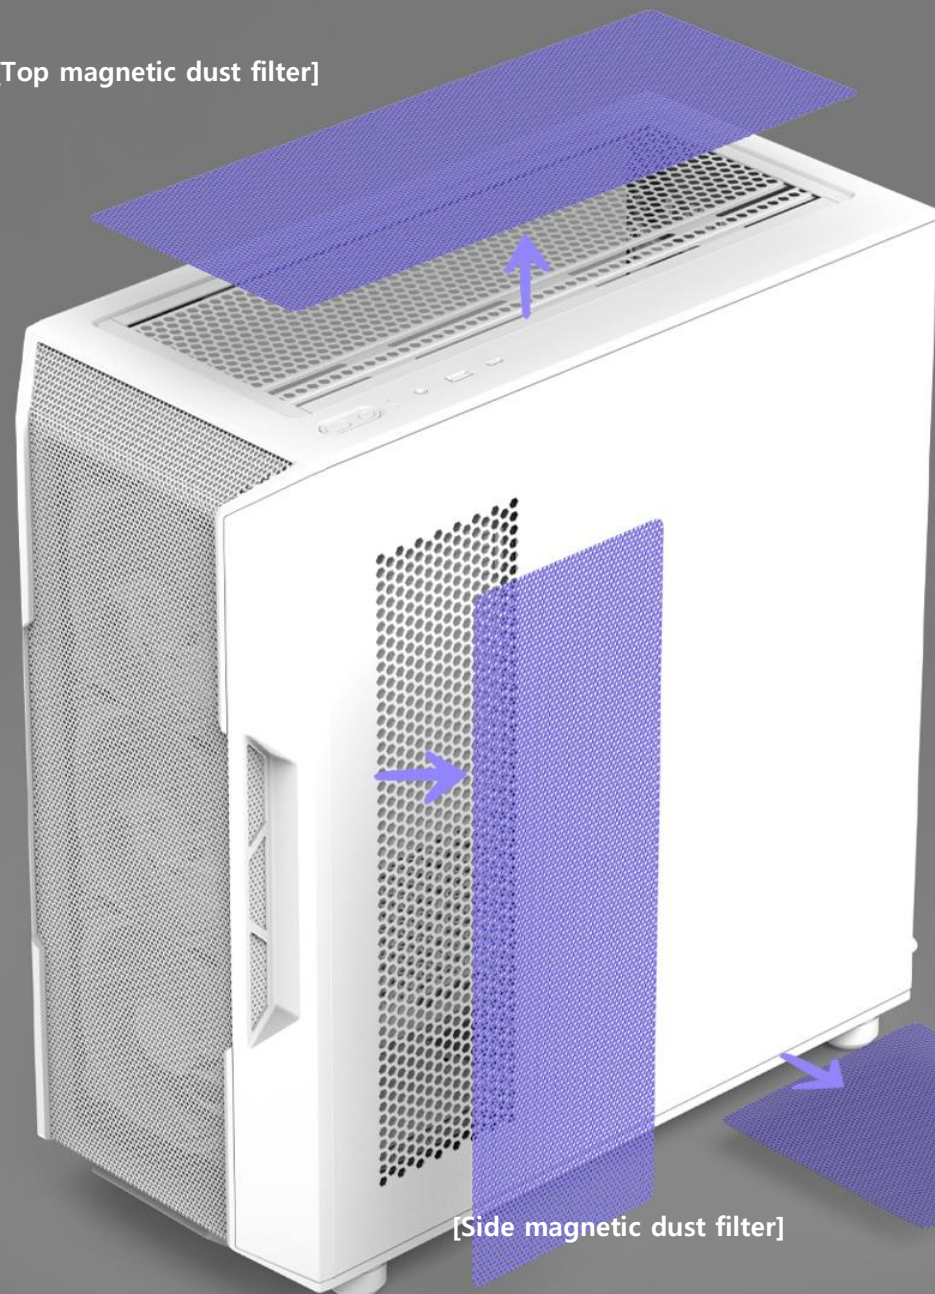

Easily accessible top I/O ports

- Ⓐ Power button
- Ⓑ Reset / LED button
- Ⓒ 1x HD Audio
- Ⓓ 1 × USB 3.0
- Ⓔ 1x USB Type-C

[Top magnetic dust filter]

Top magnetic dust filter

Top magnetic dust filter helps reduce dust buildup when the system is not in use.

[Side magnetic dust filter]

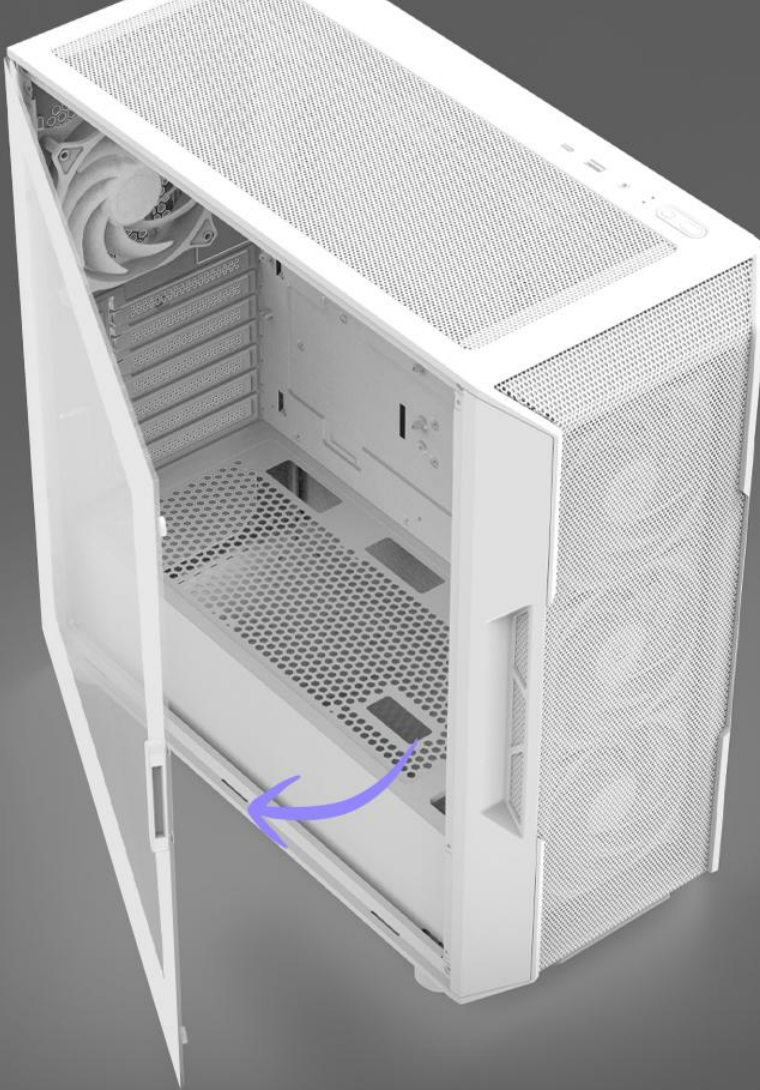

[Bottom dust filter]

Bottom dust filter

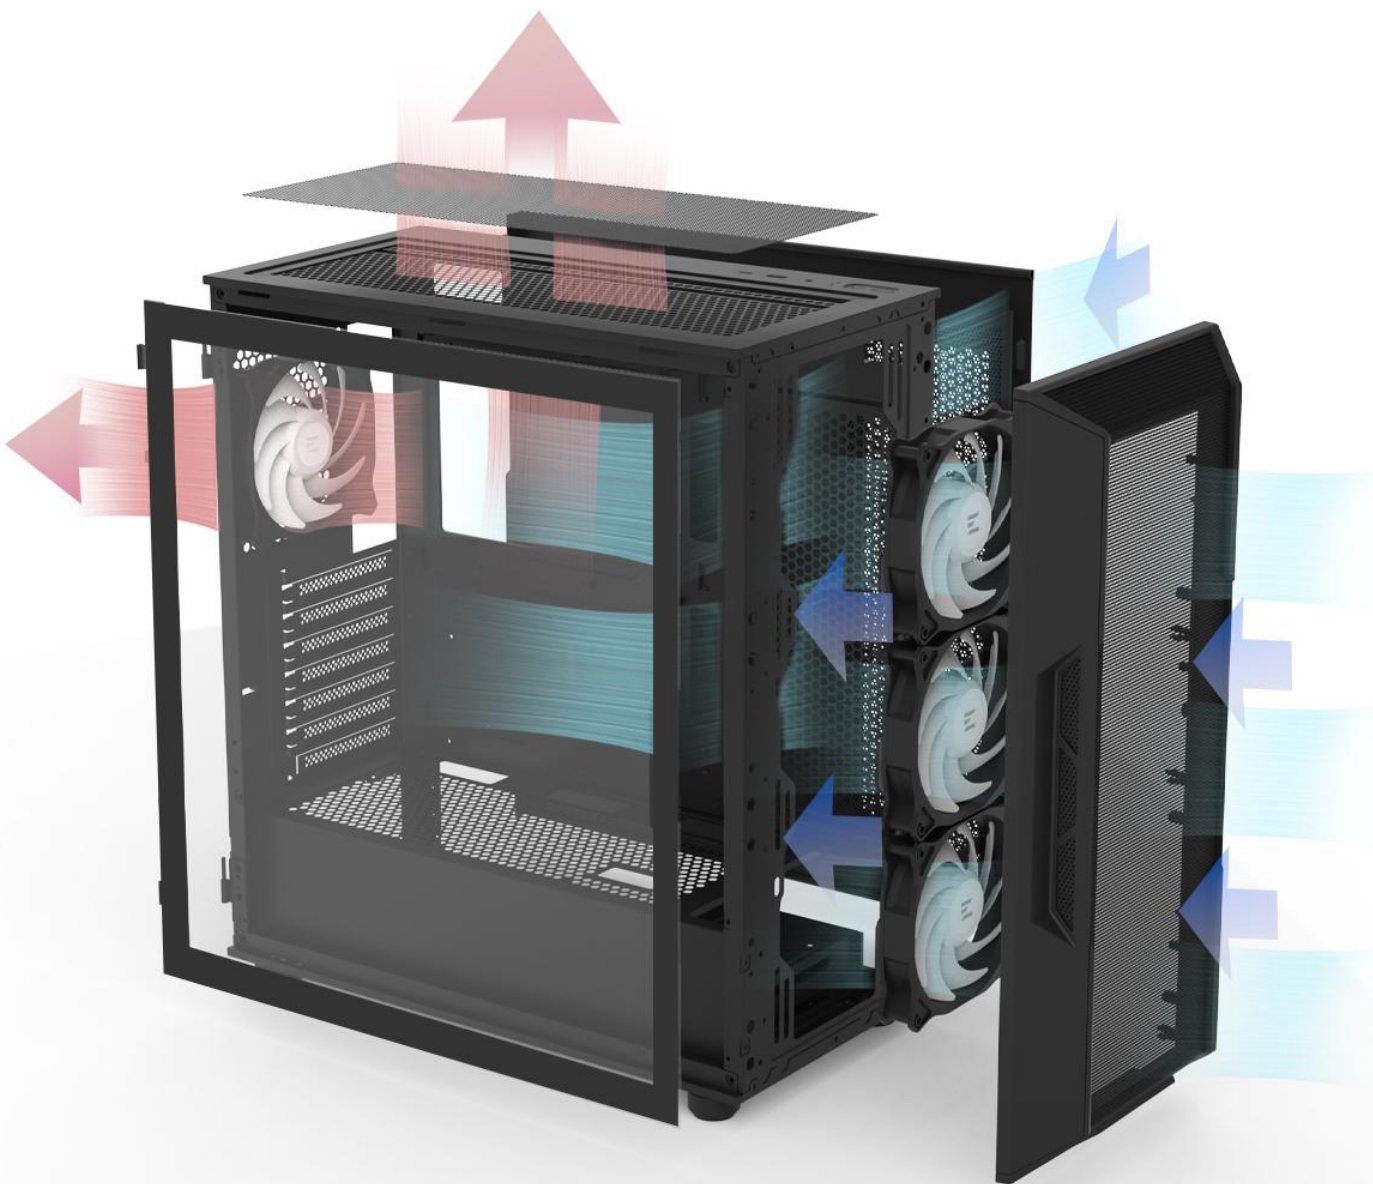

The bottom dust filter prevents dust from entering the PSU.

Durable tempered glass side panel

High-strength tempered glass side panel for durability and clear system view

Door-type glass side panel with sleek handle for easy access

Optimized Airflow for Powerful Cooling

Four 120 mm fixed RGB fans are pre-installed. The case is designed for optimal airflow, which allows cool air to be quickly drawn in and hot air to be rapidly expelled.

You can install up to nine fans for a more powerful cooling system.

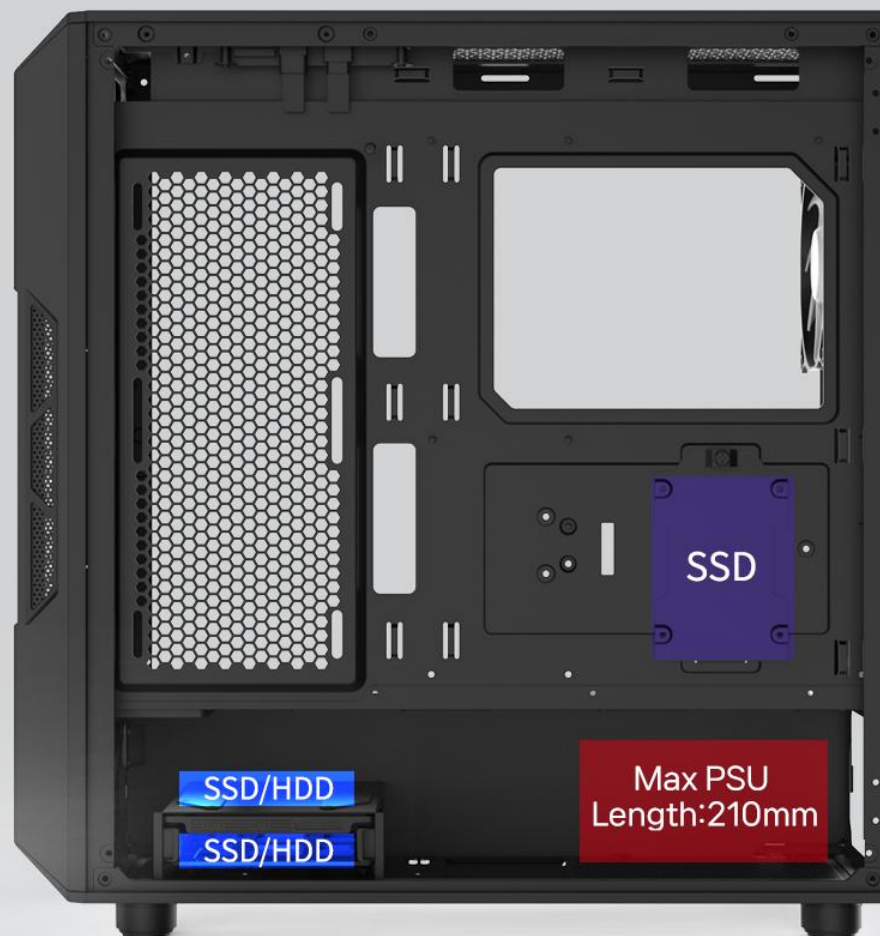

Optimized cable routing with ample space and strategically placed holes for efficient cable management.

20 mm cable-routing space with strategically placed cutouts

Excellent Compatibility & Expandability

Spacious interior for easy assembly and component compatibility
