

POPSOCKETS

Retail Catalog

July-August 2017

A little piece of magic
for your phone.

Our Story

Like any fairytale featuring a philosophy professor-turned-inventor (are there other fairytales with philosophy professors?) this one begins with tangled earbuds, some quirkiness, and a lot of ingenuity.

In a moment of daring inspiration, our founder glued a button to the back of his mobile phone (scary right?) to keep his earbuds neatly wrapped and tangle free.

Innovation, gels, engineers, accordions, and amazing graphics = living the dream we call PopSockets.

Headquartered in Boulder, CO we now employ 95 PopSocketeers and are working hard to introduce products we love to the world!

[Watch the Kickstarter Video](#)

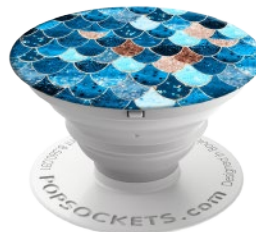

So, what's a PopSocket?

It's a simple, affordable and utterly transformative phone accessory.

PopSockets offer a super secure grip, allowing for one-handed texting or snapping the perfect selfie. It also makes a great stand for watching videos and movies, hands free.

Perhaps greatest of all is that PopSockets provide the ability to self express. It's about telling the world you are Really a Mermaid, or that Unicat is your spirit animal.

So, what's on your PopSocket?

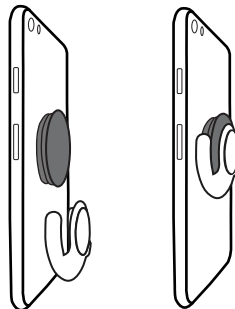

Expands

Collapses Flat

PopClip

With our simple and elegant PopClip, users can mount their mobile device to car dashboards, walls, refrigerators, and mirrors. The PopClip will mount to nearly any vertical surface, and makes the perfect companion to a PopSockets lifestyle.
