Ideal for data backup, management & recovery

With support for 3.5" SATA hard drives up to 30 TB, the IB-388-CU3 gives you plenty of room for backups, archives, and large file collections. It is useful for organizing data, copying files, or recovering content from older drives. Large storage tasks finally feel manageable with everything being in one place.

High-Speed USB 3.0 Transfer (Up to 5 Gbps)

Do not wait for ages: with 5 Gbps you move videos, photos back-ups and more quickly and smoothly. UASP support improves efficiency on compatible systems during longer transfers. It is this balanced level of speed that works well for your everyday use.

Tool-Free, Plug & Play Design

Getting hardware started should be quick and uncomplicated. That is what IB-388-CU3 is for. The screwless design allows drives to be installed or swapped without tools, saving time and effort. No drivers or software are needed to begin using it. This makes it especially convenient for you when handling multiple drives or prefer a simple setup.
