| CPU Clearance                   | Supports CPU up to 161mm                                                                                                                                                                  |
| Air Cooling                     | Front: 120mm x 3 or 140mm x 2 (Includes 120mm Eclipse Fan x 3)<br>Top: 120mm x 2 (Optional)<br>Rear: 120mm x 1 (Includes 120mm Eclipse Fan x 1)<br>Supports VGA Fan: 120mm x 2 (Optional) |
| Liquid Cooling                  | Front: 120/240mm Radiator (Optional)<br>Top: 120/240mm Radiator (Optional)<br>Rear: 120mm Radiator (Optional)                                                                             |
| I/O Ports                       | USB3.0 x 2   HD Audio & Mic.                                                                                                                                                              |
| Net Weight/Gross Weight         |                                                                                                                                                                                           |
| Internal Cable Management Depth | 24mm                                                                                                                                                                                      |
| Power Supply                    | ATX PSU (Including cables, up to 166mm) (Optional)                                                                                                                                        |

## Warranty

2 years

## Features

### Aero One Mini Eclipse Case

1. Comes equipped with three 12cm Addressable RGB fans in the front and one 12cm Addressable RGB fan in the rear of the case
2. Addressable RGB fans can be controlled using one of two ways: RGB LED control button or Addressable RGB motherboard
3. Mesh front panel design allows for clear viewing of your front LED fans while providing superior air flow and circulation
4. Comes equipped with a full tempered glass side panel to showcase the inside of your rig
5. Supports liquid cooling in the front, top, and rear of the case
6. Supports air cooling in the front, top, and rear of the case
7. Supports up to 2 x 3.5" HDDs (1 x 3.5" and 1 x 2.5"/3.5") and 3 x 2.5" SSDs (2 x 2.5" and 1 x 2.5"/3.5")
8. Dual chamber design for improved ventilation
9. Removable dust filters in the front, top, and bottom of the case for convenient maintenance
10. Comes in 2 available color options: Black and White

### 6-Port RGB Control Hub

1. Access 16.8 million colors by connecting to compatible Addressable RGB motherboard
2. Control up to 23 lighting effects by connecting the hub to any button on your case
3. Allows you to connect up to six 6-Pin AeroCool Addressable RGB fans
4. Allows you to connect up to two Addressable RGB accessories with +5V ARGB connector
