

DREAME

D20 Ultra

Smooth cleaning, powerful suction

Dreame D20 Ultra

Robot Vacuum and Mop with Self-Cleaning and Auto-Empty

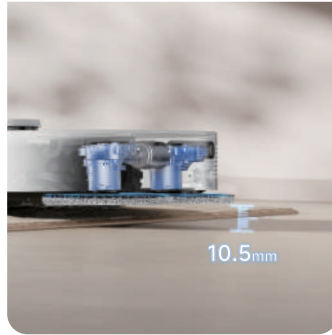

Discover powerful cleaning performance with D20 Ultra, boasting 13,000Pa suction that easily collects debris, screws, and stubborn particles in its spacious built-in dust box. With Smart Pathfinder™ technology and advanced 3D mapping, the robot navigates obstacles precisely for optimal cleaning efficiency. Innovative RoboSwing Technology enhances corner cleaning, removing dust from baseboards and delivering complete edge-to-edge coverage. Enjoy up to 100 Days of hassle-free dust collection with a 3.2L dust bag intended to empty completely and prevent clogging.

Key Features

13,000Pa Vormax™ Suction

Harness the strength of 13,000Pa* Vormax™ suction to effortlessly remove dirt and stubborn particles from hard floors and carpets, ensuring your home remains spotless.

Keep Carpets Dry with Mop Lift

The mops automatically lift up to 10.5mm* upon detecting carpets, ensuring they stay dry while enhancing cleaning efficiency for various tasks on hard floors and carpets.

Hands-Free for Up to 100 Days

Discover hassle-free cleaning with automated dust collection, complemented by a spacious 3.2L dust bag that offers up to 100 Days* of continuous use without frequent emptying.

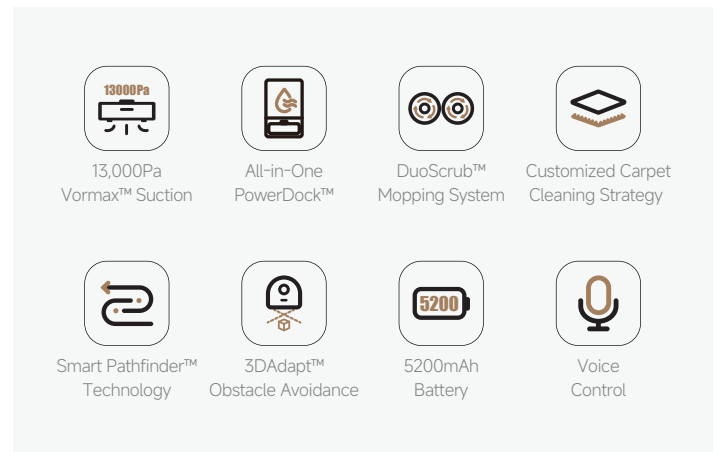

Warm Air Drying for Fresh Mops

Say goodbye to unpleasant smells, mold growth, and ongoing mop dampness with the automated warm air drying system that traps and removes excess moisture.

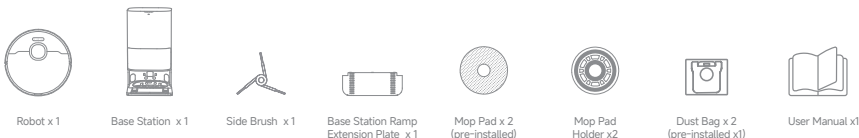

Specifications

Robot Vacuum Dimensions	350mm x 350mm x 104mm
Base Station Dimensions	340mm x 457mm x 590mm
Robot Vacuum Weight	3.9kg
Base Station Weight	8.3kg
Maximum Suction	13,000Pa
Mop Lifting Height	10.5mm
Battery Capacity	5,200mAh
Dust Bag Capacity	3.2L
Dust Box Capacity	320ml
Clean/Used Water Tank Capacity	4.5L/4L

Features

What's in the Box

*13,000Pa: Based on our in-house lab data. Actual performance may vary depending on the real-world environment and usage.

*10.5mm mop raising: The height difference of the robot vacuum is 10.5mm before and after mop lifting. For carpets with piles longer than 3mm, we suggest you set the robot to avoid medium and high-pile carpets via the Dreamehome app (only in intelligent cleaning of carpet mode) and protect your carpets from getting wet.

*100 Days: Based on a calculation derived from environment testing in our in-house lab. Actual performance may vary depending on usage.
