Built to last

- Maintenance-Free Blades: No Oiling Needed, Ever

Easy and convenient use

- Hair Clipper is built to last with no oil required

Hairclipper series 5000

Washable hair clipper

HC5650/15

Highlights

28 lock-in length settings

Perfect for any haircut length, the Philips clipper includes 2 adjustable combs and an additional 2 mm beard comb. Achieve precise cuts from 3 mm to 28 mm in 1 mm increments. Use the 2 mm stubble comb for a short haircut or to style your beard, or remove the comb for an ultra-close 0.5 mm trim.

Self-sharpening stainless steel blades

The self-sharpening steel blades are designed to be incredibly long-lasting. Even after 5 years they cut with the same precision and accuracy as day 1.

Corded and cordless use

Don't get tangled up in your cordless hair clippers — one hour charge provides up to 90 minutes of powerful clipping time. Or keep it plugged in for uninterrupted trimming.

100% washable

Keep your clipper clean effortlessly by rinsing it under the tap for quick and easy maintenance.

Comfortable grip

Philips clippers feature a textured grip for easy handling, ensuring that you can cut your hair with control and comfort.

Zero maintenance

Experience clipping power that's easy to maintain — Philips' blades never need oiling.

Hair clipper is built to last with no oil required

All of our Hair clipping products* are built to last. They come with a standard global 2 year warranty, including the option to extend up to 5 years,** and they never need to be oiled.

Extra beard comb

Trim your stubble or quickly touch up your hair with the additional 2 mm beard comb.

Highlights

Storage case

Keep the clipper, combs and accessories organised in the sturdy storage case.

DualCut Technology

Enjoy your desired look with precision. Philips DualCut technology features a double blade system designed to maintain day-one sharpness, consistently delivering equally sharp results, every time.

Trim-and-Flow Technology

Effortlessly achieve your perfect haircut. Our innovative comb is designed to prevent hair from getting stuck or tangled, ensuring a smooth cutting experience from start to finish.
