PRODUCT DESCRIPTION
The BISSELL® CrossWave® HF2 Pro wet and vacuum cleaner vacuums and mops your hard floors in one go. Simply turn on and clean! Designed for busy families, this all-in-one cleaner with unlimited corded power is ideal and safe for cleaning daily messes on all your hard floors.
This lightweight and easy-to-carry device offers time-saving convenience by combining vacuuming and mopping in one go. With automatic water + solution delivery, self-propelled steering, and one optimized cleaning mode the CrossWave® HF2 Pro cleaner is easy to use.
Unlike a mop and bucket, Two-Tank Technology keeps the clean and dirty water separate, so you always clean your floors with fresh water and solution. The included Natural Multi-Surface cleaning solution removes everyday dirt while leaving your floors clean and home smelling fresh.
When you're done cleaning just place the CrossWave® HF2 Pro into the storage tray and with the push of a button, the unit cleans itself. This does not only clean the brush roll, but also the inside of the machine so that there is less clean-up after each use.
