Highlights

HomeID app

Download the HomeID app and discover hundreds of recipes for your new blender, including fresh ideas for drinks, snacks, desserts or even whole meals. Making healthy food choices has never tasted so good, with simple but flavourful twists on all kinds of family favourites. From healthier chocolate desserts to nutritious main courses, HomeID has recipes you'll love.

ProBlend Ultra Technology

ProBlend Ultra technology combines 3 features that are custom-designed to work perfectly together for the ultimate variety of taste and texture, just as you like it, every time.

ProBlend Ultra Jar

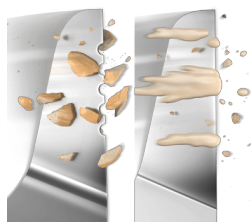

The ProBlend Ultra jar is designed with one-of-a-kind ribs to continuously guide ingredients back into the blending flow.

ProBlend Ultra Motor

The ProBlend Ultra motor delivers strong 1500 W power to drive the blending flow and evenly circulate all ingredients.

ProBlend Ultra Blades

The ProBlend Ultra blades are uniquely designed with a combination of a serrated blade, for crushing hard ingredients into smaller pieces, and sharp blades, for slicing them into the finest texture.

Quick Select Programmes

Quick select programmes on the digital display are defined with time and speed settings so that your favourite recipes are at your fingertips. They include: smoothie, nut butter, dessert, soup and sauce, as well as ice-crushing and cleaning functions.

Quick Cleaning Function

Activate the cleaning function with a small amount of water and washing-up liquid, and enjoy hassle-free cleaning in just 2 minutes. The cleaning function removes even the most stubborn residues, like cake batters and nut butters.

Dishwasher-safe parts

All detachable parts are dishwasher safe. ProBlend Ultra Blade is specially designed to prevent food particles getting trapped underneath the blades.

2 L jar capacity

2 L glass jar with 1.8 L effective capacity, so there's enough for all the family.

Specifications

General Specification

Functions: blending
Product Type: Blender
Secondary Material: Metal
Pre-programmed settings: Yes
Non-slip feet: Yes
Primary Material: Plastic
Number of servings: 7
Interface: Pre-set programme and rotary knob
Cord length: 1 m
Cord storage: Yes
Technology: ProBlend Ultra Technology
Integrated on/off switch: Yes
Dishwasher-safe parts: Yes
Capacity level indicator: Yes
