TITANIUM AND CERAMIC COATED PLATES INFUSED WITH ESSENTIAL OILS

LED DUAL PLATES 4D is a dual-plate straightener: one coated in polished Titanium, the other covered in Ceramic infused with essential oils. Titanium is an excellent conductor of heat, which remains constant during each styling step. The essential oil-enriched Ceramic provides an easy and gentle gliding experience on the hair, deeply nourishing the hair while protecting its natural moisture. It is equipped with triple ozone emission to ensure deep scalp cleansing and triple ion emission to keep frizz under control while increasing hair shine. The rounded design and 120 mm. long plates allow for curly or straight styling. Ideal on even the thickest and most voluminous hair. Essential for safety is the auto-off feature, which goes into operation 60' after the straightener is unused.

TECHNOLOGY

Triple Ozone emission	√ strong antibacterial agent
Triple emission of ions	√ glossy, frizz-free hair
Polished Titanium	√ ideal heat conduction for hair that has undergone chemical treatments
Ceramic with essential oil infusion	√ easy and gentle glide on hair
Nano Silver	√ antibacterial treatment on the plates
Auto power off	60 minutes after turning on

PRODUCT SPECIFICATIONS

Adjustable temperature	130-230°C / 266-446°F (20°C / 68°F steps)
Oscillating plates	Extra wide: 120 x 30 mm.
Digital Display	√ temperature under control
Rounded design	Curly or straight styling
360° swivel cord	3 mt., maximum user comfort
Product weight	240 g / 0.52 lb (cable not included)
Product size (HxWxD)	30 x 3 x 2.5 cm.

PRODUCT SPECIFICATIONS

Watt	50 W
Voltage range	100-240 V ~
Frequency	50-60 Hz

PACKAGING

Box weight	700 g / 1,54 lb
Box size (HxWxD)	13 x 36 x 5,5 cm
Carton weight	4.450 kg / 9.81 lb
Carton size (HxWxD)	18.5 x 38 x 28.3 cm

PALLETIZING

Pieces per carton	6
Cartons per pallet	64
Total per pallet	384
