MPN: PP-LSA

LSA-insertion tool f/ LSA terminals & cutting

The MicroConnect LSA-insertion tool (PP-LSA) is an essential accessory for terminating network cables with precision and ease. This robust tool ensures secure and reliable connections in LSA-PLUS terminal blocks, commonly used in structured cabling systems. Designed for both professional installers and DIY enthusiasts, the LSA-insertion tool streamlines the cable termination process, saving time and effort. Its ergonomic design provides a comfortable grip and optimal leverage, resulting in clean, consistent terminations. Trust MicroConnect's 20+ years of expertise to provide you with a quality tool that guarantees reliable network performance. Part of our comprehensive range of cable and cable stripper accessories, this LSA insertion tool embodies our commitment to providing premium quality at fair prices.
