SKU Code: TETRACABMFI...  
**Ultra-resistance USB to Lightning cable**

### Technical Features

- Compatibility: USB to Lightning;
- Flexible cable gland equipped with Snake Technology to withstand the most extreme pressures;
- Cable with reinforced fabric weave for maximum durability and flexibility;
- High-purity copper core and DuPont™ Kevlar® fibre;
- MFi certified for flawless compatibility with Apple Lightning devices.

### Compatibility:

Made for iPhone, iPad, iPod

### DESCRIPTION:

STRONG CABLE of the TETRAFORCE line is the most resistant cable within the Cellularline range.

The flexible cable gland, equipped with Snake Technology, protects the most delicate part of the cable guaranteeing up to 30,000 flexes - that is 10 times more than a normal standard cable.

Strong Cable is made with materials designed to ensure maximum durability over time: metal connectors to withstand shocks and pressures, cable with reinforced fabric cover for extreme flexibility and strength of the cable, aluminum alloy casing, internal core high purity copper and DuPont™ Kevlar® aramid fiber.

DuPont™ and Kevlar® are registered trademarks or belong to El du Pont de Nemours and Company or its subsidiaries.
