# Highlights

## Full breakfast set available

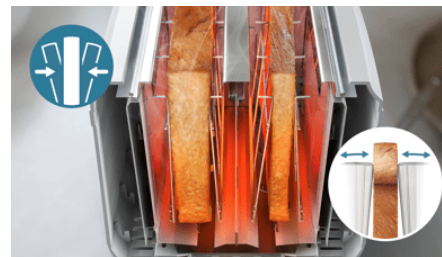

Explore our full 3000 Series breakfast set with matching kettle and drip coffee maker. Designed to start your day in style!

## 8 browning settings

Enjoy perfect toast exactly the way you like it with 8 settings to choose from. Adjust for any type of bread — thick or thin, lightly toasted or golden, crispy brown.

## 2 large self-centring slots

Elevate your breakfast with more bread types rather than just standard toast! 2 large variable slots for a variety of different bread sizes and types. The self-centring mechanism perfectly aligns each slice in the centre of the slot for even browning, regardless of thickness.

## High-lift lever

The high-lift lever lets you safely remove small, hard-to-reach pieces. Simply lift the lever to remove any slice.

## Bun warming rack

The integrated bun-warming rack lets your favourite pastries and rolls rest above the slots to gently warm and fill your home with delicious aromas.

## Auto shut-off

Simply choose your browning level and watch your toast pop up perfectly done. The toaster shuts itself off after finishing for an effortless experience.

## Instant stop button

Take full control of your toasting time with an instant stop button to adjust toasting settings any time you want.

## Removable crumb tray

Removing crumbs is quick and simple. Just slide out the removable tray and wipe it clean in an instant.
