Congratulations on the purchase of your new Nilfisk vacuum cleaner.

Prior to using the appliance for the first time, be sure to read this document through and keep it ready to hand.

Symbols used to mark instructions

WARNING

Danger that can lead to serious injuries or even death.

CAUTION

Danger that can lead to serious injuries and damage.

Instructions for use

Besides the operating instructions and the binding accident prevention regulations valid in the country of use, observe recognised regulations for safety and proper use.

Purpose and intended use

This machine is for normal residential housekeeping purposes. Accidents due to misuse can only be prevented by those using the machine.

READ AND FOLLOW ALL SAFETY INSTRUCTIONS

This machine is suitable for picking up dry, non-flammable dust.

Any other use is considered as improper use. The manufacturer accepts no liability for any damage resulting from such use. The risk for such use is borne solely by the user. Proper use also includes proper operation, servicing and repairs as specified by the manufacturer.

Safety Instructions

WARNING

- To reduce the risk of fire, electric shock, or injury, please read and follow all safety instructions and caution markings before use. This vacuum cleaner is designed to be safe when used for cleaning functions as specified. Should damage occur to electrical or mechanical parts, the cleaner and / or accessory should be repaired by a competent service station or the manufacturer before use in order to avoid further damage to the machine or physical injury to the user.
- To reduce the risk of electric shock – Do not use outdoor or on wet surfaces.

- Use and store this machine indoors and in a dry environment, 0 °C to 60 °C.
- Only use outlet socket for its intended use.
- Do not leave the machine when it is plugged in. Unplug from the socket when not in use and before maintenance.
- Do not use with damaged cord or plug. To unplug grasp the plug, not the cord. Do not handle plug or cleaner with wet hands. Turn off all controls before unplugging.
- Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run cleaner over cord. Keep cord away from heated surfaces.
- Keep hair, loose clothing, fingers and all parts of the body away from openings and moving parts. Do not put any objects into openings or use with opening blocked. Keep openings free of dust, lint, hair, and anything else that could reduce the flow of air.
- This machine is not suitable for picking up hazardous dust.
- Do not use to pick up flammable or combustible liquids such as gasoline, or use in areas where they may be present.
- Do not pick up sharp objects such as needles or pieces of glass.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches or hot ashes.
- Use extra care when cleaning on stairs.
- Do not use the machine without dust bag and filters properly fitted.
- Use only original dust bags, original filters and original accessories from your local dealer. Use of unauthorized dust bags and filters will void the warranty.
- If the cleaner is not working properly or has been dropped, damaged, left outdoors, or dropped into water, return it to a service center or dealer.
- If foam or liquid escapes from the machine, switch off immediately.
- Operators shall be adequately instructed on the use of these machines.
- This machine is for dry use only.
- No changes or modifications to the mechanical or electrical safety devices should be made.

CENELEC countries (AT-BE-BG-HR-CY-CZ-DK-EE-FI-FR-DE-GR-HU-IS-IE-IT-LV-LT-LU-MK-MT-NL-NO-PL-PT-RO-ES-SK-SI-SE-CH-TR-GB):

- This appliance can be used by children aged from 8 years up and persons with reduced physical, sensory or mental capabilities or lack of experience, if they are supervised or instructed how to use appliance in a safe way, and if they understand the hazards involved.
- Children shall be supervised to make sure that they do not play with the appliance.
- Cleaning and user maintenance shall not be made by children without supervision.

Outside CENELEC countries:

- Appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

Double-insulated appliances

CAUTION

- Use only as described in this manual and only with the manufacturer's recommended attachments.
- BEFORE YOU PLUG IN YOUR CLEANER, check the rating plate at the cleaner to see if the rated voltage agrees within 10% of the voltage available.
- This appliance is provided with double insulation. Use only identical replacement parts. See instructions for servicing double insulated appliances.

In a double-insulated appliance, two systems of insulation are provided instead of grounding. No grounding means is provided on a double-insulated appliance, nor should a mean for grounding be added to the appliance. Servicing a double-insulated appliance requires extreme care and knowledge of the system, and should be done only by qualified service personnel. Replacement parts for a double-insulated appliance must be identical to the parts they replace. A double insulated appliance is marked with the words "DOUBLE INSULATION" or "DOUBLE INSULATED." The symbol (square within a square) may also be used on the product.

The machine is equipped with a specially designed cord which if damaged, must be replaced by a cord of the same type. This is available at authorised service centres and dealers and must be installed by trained personnel.

Electrical connection

WARNING

- Turn off the machine and unplug before starting dust bag or filter change. Grasp the plug, not by pulling the cord.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid hazard.
- Do not handle the machine with wet hands.
- Turn off the machine before unplugging. To unplug, grasp the plug, not by pulling the cord.
- Do not carry or pull the machine by the cord.
- The machine must not be used if the cord shows any sign of damage. Regularly inspect the cord for damage, in particular if it has been crushed, shut in a door or run over.

Hazardous materials

WARNING

 Vacuuming up hazardous materials can lead to serious or even fatal injuries.

The following materials must not be picked up by the vacuum cleaner:

- Hazardous dust
- Hot materials (burning cigarettes, hot ash, etc.)
- Flammable, explosive, aggressive liquids (e.g. petrol, solvents, acids, alkalis, etc.)
- Flammable, explosive dust (e.g. magnesium or aluminum dust, etc.)

Service and maintenance

- Store the machine indoors and in a dry environment.
- Change the pre-filter with every fourth dust bag. The dust bag package includes four dust bags and one pre-filter.
- Clean the machine surface with a dry cloth or a damp cloth with a little cleaning agent
- Order original accessories from a local dealer.

- For service, contact your local dealer.

Responsibility

Nilfisk disclaims all responsibility for all damage caused by incorrect use or modification of the machine. Please refer to our website at www.nilfisk.com for further instructions and information on use.

WEEE

The symbol  indicates that this appliance may not be discarded together with household waste, but must be collected separately. Please dispose old appliances at the applicable collection point for recycling.
