The result is up to 7 x healthier gums in two weeks\*\*. Its engineered flexibility also helps you remove up to 10 x more plaque than a manual toothbrush\*.

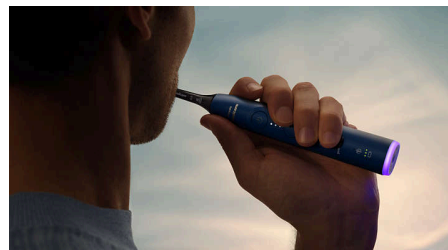

### Next-Generation Sonicare Technology

This electric toothbrush uses our Next-Generation Sonicare Technology which delivers our most reliable and consistent brushing for excellent results every time. The motor adjusts power automatically so there is zero drop in performance when you reach those harder-to-

clean areas. Enjoy a gentle yet effective clean for your teeth and gums with 62,000 bristle movements per minute. Sonicare Fluid Action supports the bristles to clean by driving fluid deep between the teeth and along the gumline.

### Visual pressure sensor

This Sonicare electric toothbrush has a light ring at its base that lets you know if you're overdoing the pressure. Simply ease off when it lights up and your gums will stay protected.
