- Single-button release to quickly change accessories
- Anti-splash blade guard to prevent splashes while blending
- Easy to clean
- Unique spiraliser accessory to eat more fruits and vegetables
- Take healthy smoothies with you in the on-the-go tumbler

Highlights

800 Watt motor

Our powerful and durable 800 Watt motor delivers all the power you need to prepare your favourite healthy and homemade meals in just minutes.

ProMix blending technology

Philips partnered with Stuttgart University to develop ProMix for faster and more consistent blending. Its unique, advanced technology is shaped like a triangle to deliver optimal food flow and maximum performance with the best results every time.

SpeedTouch Technology

Want more power while you blend? Just squeeze the turbo boost button. Its intuitive variable speeds let you easily increase power without changing settings. Start slowly to prevent splashing and gradually squeeze harder until you reach the speed you need for each recipe and ingredient.

Single-button easy release

When you're cooking up a storm, you'll love how easy it is to change accessories. They quickly attach and detach to the blending bar with one press of a button.

Anti-splash blade guard

Don't worry about any mess when you cook. Our special blade guard will stop splashes big and small. Its wavy shape attached to the bottom of the blending bar guarantees minimal mess and less cleaning up later.

Easy to clean

Easy to clean

Spiraliser accessory

Add a healthy spin to your diet with our unique Spiraliser accessory. Effortlessly transform everyday fruits and vegetables into fun, low-carb noodles, spirals and ribbons. It's an ideal way to spice up a healthy, gluten-free or clean-eating diet. Choose from three shapes to spiralise: spaghetti, linguine or ribbon.

On-the-go tumbler

To make life easier, blend your favourite smoothies directly in the Philips on-the-go tumbler. Just blend, seal and go. Made with BPA-free materials, the tumbler includes a built-in anti-leakage seal so you can safely take it with you, with no spills.

Specifications

General Specification

Pre-programmed settings: NA
Secondary Material: Metal
Functions: Blending, Spiralising
Product Type: Hand blender
Primary Material: Plastic
Number of servings: 2
