***** if considered a glass of 200 ml

Highlights

ProBlend system

The unique ProBlend system perfectly combines 3 technologies, custom-designed to ensure smooth blending with no lumps in just 45 seconds*. The 450 W power motor drives the blending flow to circulate all of your ingredients evenly, while the innovative blade design is specially shaped to maximise the cutting area. Last but not least, the jar is designed with unique ribs to continuously guide ingredients back into the blending flow.

Ice crushing

Use the ProBlend system plus the pulse setting to crush ice cubes into fine pieces in just 45 seconds**. Perfect for your favourite chilled drinks and smoothies, and great for special desserts.

Easy to clean

The jar has a removable lid to make cleaning easy. The jar, blades and lid are all dishwasher safe.

Stainless steel blades

Durable stainless steel blades stay sharp and free from rust or tarnishing for longer.

Speed settings

Produce a wide range of drinks and enable fast ingredient preparation for your favourite meals with 1 speed and Pulse settings to choose from. Use for ingredients like herbs, spices and veggies. You can also grind coffee or even crush ice to make a delicious chilled smoothie.

1.9 L family size jar

Serves up to 5 drinks (based on 200 ml glass size) thanks to its 1 L effective capacity.***

HomeID app

Download and discover the HomeID app with +200 ideas on how to make your favourite drinks, meals and snacks with the help of your new blender. Healthy cooking should be simple and leave your family wanting more. That is why the HomeID app offers a variety of healthy alternatives of your favourite dishes. From healthy chocolate desserts to nutrient-packed main meals, we create our recipes healthy without compromising on flavour.

Motor Thermo Protection sensor

Special Motor Thermo Protection (MTP) sensor is designed to prevent the motor from overheating and protects from over-current condition during use.

Considered design

The design has been carefully considered to be both ergonomic and robust while also being modern and stylish, sized to fit into all types of kitchen. The jar shape is comfortable to grip and the rotary knob enables easy operation.

Specifications

Pre-programmed settings: P: Pulse function, the knob will spring back to 0 after released., 0: Off position, motor will not be triggered., 1: On position, motor continually runs.
Non-slip feet: Yes
Cord length: 0.85 m
Dishwasher-safe parts: Yes
Blade Material: stainless steel
Pulse function: Yes
Detachable blades: Non-detachable

Technical Specifications

Power: 450 W, 450 W
Effective capacity: 1 l
Voltage: 220-240 V
Frequency: 50-60 Hz
Battery Product: No
Cord length: 0.85 m

Weight and Dimensions

Product Length: 192 mm
Product Width: 166 mm
Product Height: 377 mm
Product Weight: 1520 g
Package Length: 220 mm
Package Width: 283 mm
Package Height: 401 mm
Package Weight: 2574.4 g
Dimensions of product (L x W x H): 164 x 192 x 377 mm

Country of Origin

Produced In: China

General specifications

Speed UI: Rotary Knob
Dishwasher safe: Yes

Service

Warranty: 2 years global warranty

Safety feature

Automatic blade stop: <1.5 s according to safety standard

Finishing

Body material: Plastic
Jar material: Plastic
Knives material: Stainless steel
