Experience a competitive edge with this lightweight USB gaming headset, featuring virtual 7.1 surround sound for optimal spatial awareness in-game. With 50 mm drivers, it delivers crisp, clear audio, enhancing every detail. The headset's RGB lighting offers a rainbow mode, and its memory foam and protein leather headband and ear cushions ensure comfort during

Lightweight:

Gain a competitive edge without sacrificing comfort. Our lightweight headset ensures a comfortable gaming experience, allowing you to focus on the game without distractions.

Low-latency wireless headset:

Embrace the freedom of movement with our 2.4 GHz low-latency wireless headset and enjoy a responsive, real-time gaming audio experience.

Virtual surround sound:

Dive into the heart of the action with our virtual 7.1 surround sound technology that allows you to perceive sounds coming from different directions and distances, giving you a distinct advantage in games where positional awareness is crucial, allowing you to hear footsteps, gunfire, or other in-game sounds with greater precision.

Switch between stereo and surround mode based on the type of content you're engaging with.

Powerful 50mm drivers:

Enjoy crystal-clear audio, bringing in-game sounds to life. The level of detail transforms your gaming experience.

RGB rainbow mode:

Elevate your style with RGB rainbow mode, adding a vibrant visual dimension to your gaming setup.

Protein leather and memory foam comfort:

Designed for long gaming sessions, our headset features a memory foam headband and ear cushions covered in protein leather for enhanced comfort and durability. Enjoy a comfortable, custom fit that molds to the shape of your head for hours of comfortable gaming.

Intuitive on-earcup controls:

The on-earcup controls are easy to reach and allow you to make quick adjustments without losing your focus.

Versatile detachable mic:

Enjoy increased flexibility with the detachable microphone that makes sure you can communicate clearly with teammates during gaming sessions.

Soft paracord cables:

Our headset, compatible with PC, Mac, PS4, PS5, Switch and mobile ensures compatibility across a range of platforms and includes a 3.5mm paracord cable as well as a flexible 2m USB-A to USB-C paracord cable that allows you to charge the headset while gaming.
