When shooting timelapse video, please set the Canon camera "Image Review" to be off.                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 5. It shows that using the adapter with the EF Mount Lens will increase the delay of electronic follow focusing.                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 1. Please switch photo / video mode on camera manually.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 2. Switch to "MF" Mode on the lens when using electronic follow focusing.                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 3. Please do not use the release cable to control the video recording while in photo mode in RP/R5/R6 camera, as this often causes the camera to crash.                                                                                                                                                                                                                                                                                                                                                                                             |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 4. When shooting timelapse video, please set the Canon camera "Image Review" to Off                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 5. Using the adapter with the EF Mount Lens will increase the delay of electronic follow focusing.                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 6. If connecting the camera to an external device via HDMI Cable you need to set the "HDMI Display" to be displayed on both on camera screen and on the other device. Then you can control both photo capture or video recording .                                                                                                                                                                                                                                                                                                                  |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 1. Please toggle photo / video mode on camera manually.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 2. Switch to "MF" Mode on the lens when use electronic follow focusing.                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 3. Please do not use the release cable to control the video recording while in photo mode in RP/R5/R6 camera as this often causes the camera to crash.                                                                                                                                                                                                                                                                                                                                                                                              |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 4. Using the adapter with the EF Mount Lens will increase the delay of electronic follow focusing.                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|       |                         |                         |               |                             |                         |                |               |               |                        |                         |                                   |                |                      | 5. If you connect the camera to an external device via HDMI Cable, you need to set the "HDMI Display" to be displayed both on the camera screen and on the other device. Then you can controlboth photo capture or video recording .                                                                                                                                                                                                                                                                                                                |

Notes:  
1. "√" Means support this function,"×"Means do not support.  
2. For Sony cameras with Multi Port, Type-C to Multi release cable can be used to control the camera but not to charge. Type-C to Micro (A03) release cable can ba used to charge Sony camera but not to control it.

After connecting the cable, be sure to power on the MVG220 before the camera. Once camera power is on, wait for about 6 seconds for a successful connection.<br>2. Please make sure the LV is on, in order to use the gimbal to control the camera.<br>3. The MVG220 can start/ stop video recording only if the camera is turned on, under video mode.<br>4. When using the gimbal to control the video recording, the camera monitor shows the light but not the video duration.<br>5. When the gimbal is connected to the camera, some keys of the camera will not respond to commands. |
