- | | | |
|-----------------------------------|------------------------------------|--------------------------|
| 1. Handle | 6. Multiuse Tool | 11. Brush handle |
| 2. Power Switch | 7. Clean Water Tank | 12. Power Cord |
| 3. Used Water Tank Release Button | 8. Clean Water Tank Release Button | 13. Brush Release Button |
| 4. Used Water Tank | 9. Self-Cleaning Tool | 14. Power Cord Hook |
| 5. Extension Hose | 10. Attachment Holder | 15. Standard Stain Brush |

Installation

Installing the Attachment Holder

Insert the attachment holder into the appliance until you hear a click.

Installing the Standard Stain Brush

Insert the brush into the end of the extension hose until it clicks into place.
Wrap the hose around the appliance and insert it into the attachment holder.

How to Use

Filling the Clean Water Tank

1. Remove the Clean Water Tank from the main body.
2. Remove the Clean Water Tank cover.
3. Fill the tank with water to the "WATER" line on the tank.
4. Add the dreame spot formula for carpet cleaner to the FORMULA line. (Dilution Ratio: 1: 40)

Note:

- Do not use water over 60°C.
- "WATER" line refers to the maximum water capacity of the Clean Water Tank. Do not exceed the WATER line.

Starting Cleaning

1. Rotate the power cord hook to remove the power cord.
2. Plug the power cord into the power socket and press the power switch ① to turn on.

How to Use

Use of the Standard Stain Brush

1. Press the water-spray button to spray water.
2. Use the brush back and forth to clean stains.
3. Firmly press the brush onto the stained area to suck the dirty water.

Use of the Multiuse Tool

Press the brush release button and remove the standard stain brush. Then insert the multiuse tool into the end of the extension hose until you hear a click.

How to Use

The multiuse tool is suitable for cleaning some special areas. Rotate the brush head to use according to different surfaces.

Tips:

- Sharp-angled brush is recommended to use for corner.
- Surface brush is recommended to use for flat surfaces.
- Round-angled brush is recommended to use for curved surfaces.
- Soft bristled brush is recommended to use for cleaning hair.

Emptying the Used Water Tank

Press the Used Water Tank release button to take out the tank. Pull up the tank cover and pour out the used water. Reinstall the tank cover and the tank before use.

Note: To maintain the normal use, please empty the Used Water Tank in time or before exceeding the MAX line.

Tips:

- Turn off the appliance before maintenance. Do not touch the power switch.
- Replace parts if needed. The parts must be replaced by those available from the manufacturer or its service agent.

Cleaning the Standard Stain Brush and the Extension Hose

Insert the self-cleaning tool into the standard stain brush, press the water-spray button and the appliance will automatically clean the brush and the extension hose. Open the transparency cover of the brush head to clean if deep cleaning is needed.

Cleaning the Multiuse Tool

Gently push the release buckle of the multiuse tool cover, then rinse the multiuse tool with clean water.

Cleaning the Used Water Tank

Remove the Used Water Tank from the main body and empty the Used Water Tank. Rinse the Used Water Tank with clean water.

Note: To maintain the normal use, please empty the Used Water Tank in time or before exceeding the MAX line.

Care & Maintenance

EN

Cleaning the appliance

1. Remove the filter from the Used Water Tank to clean. Reinstall the tank cover and the tank.

2. Wipe the appliance with a dry cloth or wet tissue.

EN
