

## SPECIFICATIONS

|                                    |                                                                                      |
|------------------------------------|--------------------------------------------------------------------------------------|
| <b>Radiator Size</b>               | 360 mm                                                                               |
| <b>Radiator Dimensions (WxDxH)</b> | 394 x 120 x 27 mm / 15.5 x 4.7 x 1.06 inches                                         |
| <b>Radiator Material</b>           | Aluminum                                                                             |
| <b>Water Cooling Tube Material</b> | EPDM                                                                                 |
| <b>Number of Fans</b>              | 3                                                                                    |
| <b>Fan Dimensions (WxDxH)</b>      | 120 x 120 x 25 mm / 4.7 x 4.7 x 0.98 inches                                          |
| <b>Fan Air Flow</b>                | 70.7 CFM                                                                             |
| <b>Fan Bearing</b>                 | Loop Dynamic Bearing(LDB)                                                            |
| <b>Fan Life Expectancy</b>         | 30,000 hrs@40°C                                                                      |
| <b>Fan Rated Current</b>           | 0.2A (MAX:0.3A)                                                                      |
| <b>Fan Power Consumption</b>       | 2.4W (MAX:3.6W)                                                                      |
| <b>PWM Mode</b>                    | Yes                                                                                  |
| <b>Cable Length (PWM Cable)</b>    | 550 / 500 mm; 21.65 / 19.69 inches                                                   |
| <b>Fan Connector</b>               | 5V ARGB 3-PIN Header                                                                 |
| <b>Block Lighting</b>              | ARGB Gen2                                                                            |
| <b>Fan Lighting</b>                | ARGB Gen2                                                                            |
| <b>Pump Life Expectancy</b>        | 50,000 hours in typical use                                                          |
| <b>Pump Noise Level</b>            | 20 dBA (avg.)                                                                        |
| <b>Pump Rated Current</b>          | 0.32A (Max: 0.5A)                                                                    |
| <b>Pump Power Consumption</b>      | 3.84W (Max: 6W)                                                                      |
| <b>Pump Speed</b>                  | 3400 RPM ± 10%                                                                       |
| <b>Pump Connector</b>              | PWM 4-PIN Header<br>5V ARGB 3-PIN Header ( Female )<br>5V ARGB 3-PIN Header ( male ) |
| <b>Cold Plate Material</b>         | Copper                                                                               |
| <b>Block Dimensions (WxDxH)</b>    | 69.1 x 74 x 62.45 mm                                                                 |
| <b>Intel Socket Support</b>        | LGA 1150/1151/1155/1156/1200/1700/1851                                               |
| <b>AMD Socket Support</b>          | AM5 / AM4                                                                            |
| <b>Accessories</b>                 | Thermal paste x 1                                                                    |
