MPN: MC-M.2-B+M-I210-T1

Network Card PCIe M.2 B+M I210-T1 Single-1G RJ45

The PCIe M.2 B+M I210-T1 Single-1G RJ45 network card delivers Intel's proven Gigabit Ethernet performance in a compact M.2 form factor. Designed for embedded systems, industrial PCs, and space-constrained platforms, it features an M.2 B+M key interface and a single RJ-45 port, offering reliable and energy-efficient networking for a wide range of applications.

- Powered by Intel I210-T1 controller for stable and efficient 1G Ethernet performance
- M.2 B+M key interface for integration with compact and embedded systems
- One RJ-45 port supporting 1G/100Mbps Ethernet speeds
- Supports VLAN tagging, PXE boot, IEEE 1588 PTP, and other advanced networking features
- Compatible with Windows 10/11 (64-bit), Linux kernel 4.18+, and select embedded OS platforms
- Ideal for industrial control, embedded networking, and space-limited system designs
- Includes 1 × User's Manual, 1 × CD-Driver, 1 × Low profile bracket

Specifications

Design	**Chipset**	Intel WGI210AT
	Internal	Yes
	Recommended usage	PC
Network	**Maximum data transfer rate**	1000 Mbit/s
Ports & interfaces	**Connectivity technology**	Wired
	Host interface	PCI Express
	Interface	RJ45 Ethernet
Vendor information	**Brand Name**	MicroConnect
	Warranty	25 Year(s)
