

Dreame D9 Max Gen 2

Robot Vacuum and Mop

Declutter your home with a mighty vac-and-mop combo. D9 Max Gen 2 features 6,000Pa suction and a floating rubber brush to pick up dirt from various home surfaces, effortlessly transitioning from carpets to hard floors. Customize your mopping routine easily with a large 235ml water tank and 3 water flow levels, while smart Pathfinder™ technology helps the robot vacuum avoid multiple traps on its path to home freshness.

Key Features

Sweeps Dirt with Versatile Suction

The brushless motor and streamlined air duct design lead to exceptional suction for efficient hair and dirt removal. Tailor your cleaning experience with the flexibility of 4 suction levels, reaching up to 6,000Pa*.

Wipe Hair Off the Brush Easily

The floating rubber brush cleans off embedded dust, capturing small particles hidden deep in carpets. An anti-tangle design facilitates the removal of annoying hair stuck to the brush.

Mop Dirt and Suck Dust with Powerful Vac-Mop Combo

Keep the mop pad at your desired moisture level with a 235ml built-in water tank. The high-capacity dust box efficiently stores hair, dirt, and small particles for a thoroughly clean home.

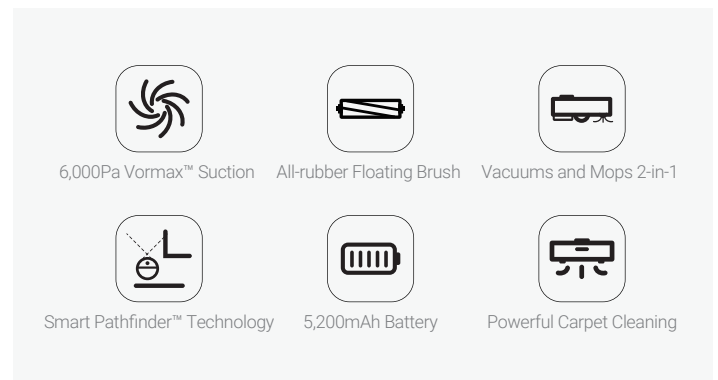

Maps Accurately, Spots Precisely

Smart Pathfinder™ technology generates an easy-to-edit map and a consistent cleaning route throughout your home, avoiding random movement and covering a wide area.
