- LED power switch lights up when the coffee maker is switched
- Dishwasher-proof parts for easy cleaning
- Compact design perfect for 2-7 cups
- A water level indication for easy filling

Highlights

Automatic shut-off (30 min.)

Auto-off

30 minutes after brewing your coffee, the coffee maker switches off automatically for energy saving and safety. This is according to EU regulation, which is applicable for all coffee makers in the EU.

Aroma twister

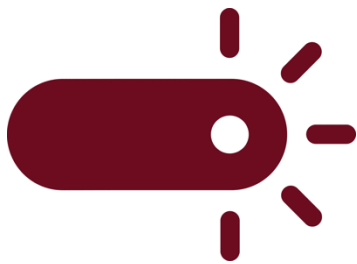

This smart nozzle inside the jug circulates the inflowing coffee evenly through the jug for an optimal and consistent aroma, from the first to the last cup.

Drip stop

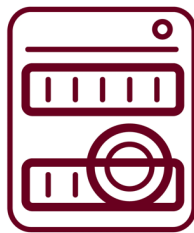

The drip stop allows you to pour a cup of coffee before the full brewing cycle is finished.

LED power switch

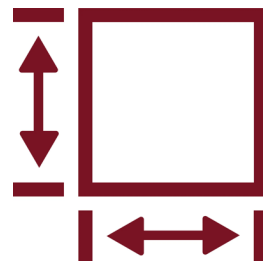

The red light on the switch button illuminates when the coffee maker is switched on.

Dishwasher-safe parts

The jug and filter holder can be easily cleaned in the dishwasher.

Compact design

This coffee maker is especially designed for brewing 2 to 7 cups of coffee (maximum 0.6 litres). Thanks to its very compact design, this coffee maker takes little place in your kitchen.

Water level indication

Fill the water tank easily and precisely with the water level indication.
