IN STYLE!**

It's summer vacation time for the LEGO Friends, and they have invited your explorer along. Kids will love to build this independently or share the fun with their friends! They can role play with Emma who has jumped into her sports car to bring her speedboat down to the beach. Then it's time for a barbecue in the sand. Great looking vehicles combine with LEGO Friends style to make this an exciting addition to any LEGO collection. Multiple models and plenty of extras makes this set a great value, and combine it with LEGO Friends Sunshine Catamaran and Heartlake Surf Shop to continue the summer fun!
