Neomounts DS10-160SL1 Phone stand up to 7" - foldable - universal - silver

The Neomounts DS10-160SL1 is a foldable stand for smartphones up to 7". The clever tilt option (270°) allows the stand to change to the ideal viewing angle. The phone stand is ideal for hands-free video calling, watching a movie or playing a game.

Thanks to the open configuration, the charging port remains accessible and charging wires can be routed to the back of the stand. The lightweight, foldable design makes the stand ideal to take with you wherever you want. The anti-skid silicon pads and safety ledge stopper ensure solid positioning of your phone. A nifty travel pouch is included with the stand.
