Foldable wireless headset with microphone, integrated controls, TF Card slot

SKU: MHHEADBUZZYBTK

Discover how comfortable these headphones are with their padded earcups and integrated controls, and easily pair them with your devices!

Why choose the headphones
They make listening captivating and are easy to use. Thanks to wireless connectivity, these headphones **pair easily with a wide range of devices**, including Android smartphones, iPhones, PCs and tablets. This versatility makes them perfect for anyone who wants to enjoy their favourite music or make calls in total freedom.

Practical and comfortable headphones
One of the strong points of the "Bazzy" headphones is the design of the earcups, designed to offer excellent comfort. Made of soft material, the earcups ensure a **comfortable fit** even during long listening sessions. What's more, they're **foldable**, allowing you to easily store them when not in use. This feature makes them ideal to carry in your bag or backpack, ready to follow you wherever you go.

Total control at your fingertips
The Bazzy headphones are equipped with **integrated controls** which allow you to manage all the main functions directly from the device. You can turn them on and off, adjust the volume and change tracks with a simple touch. This allows you to have full control of your music at all times without having to use the connected device. Furthermore, thanks to the **TF card slot with capacity of up to 32GB**, you can listen to your favourite songs directly from a Micro SD, offering an additional playback option without the need for an active connection.

Long battery life and range: freedom to move
When fully charged, these colourful headphones have **a battery life offering 6 consecutive hours of music and calls**, allowing you to enjoy long sessions without interruptions. Charging is made quick and easy thanks to the USB-C cable included in the package, which guarantees reduced charging times and greater efficiency. Furthermore, the **10 metre range** offers you **optimal freedom of movement**, allowing you to move freely even when you move away from the audio source.

Built-in microphone for calls
These headphones also feature a **built-in microphone**, which allows you to answer calls and talk comfortably without having to have your mobile phone in your hand. This feature is especially useful during daily activities or while you're on the go, giving you the ability to keep your hands free.

Wired connection for maximum flexibility
Finally, these headphones come with a **AUX hole for 3.5mm jack**, which lets you connect a cable for a wired listening experience. This makes them compatible with **devices such as stereos or turntables**, allowing you to further expand the possible uses. Whether you're listening to your favourite music or taking a call, Bazzy headphones always deliver high-quality sound, combined with unsurpassed versatility and comfort.

Key features:

- Wireless: easily pair wirelessly with your devices such as Android smartphones, iPhones, PCs or tablets
- Foldable earcups for easy storage when not in use
- Earpads made of soft material to ensure maximum comfort
- Integrated controls: you can turn them on and off, adjust the volume and change tracks
- TF Card slot with capacity of up to 32GB for listening to music from Micro SD media
- USB-C cable included in the package for charging the headset
- The headphones have a battery life of 6 consecutive hours of music and calls when fully charged.
- The operation range from the audio source is 10 metres, giving you freedom of movement.
- They have a built-in microphone to speak directly with the person you're talking to without having your mobile phone in hand
- Thanks to the AUX hole for 3.5mm jack, you can connect a cable and use a wired connection to listen to music from a stereo or a 45 rpm turntable.
