PRODUCT DESCRIPTION
Save time with the BISSELL® CrossWave® OmniFind™ Pro cordless all-in-one multi-surface cleaner by combining vacuuming and mopping into one easy step! Designed for homes with pets the FurFinder™ headlights, with patented high and low-beam technology, make pet hair and dirt easy to see.
The CrossWave FurFinder™ was not only designed to easily find pet hair, it deals with it as well by minimizing hair wrap and clogging thanks to cordless Tangle-Free Technology. This BISSELL multi-surface cleaner is safe for hard floors including laminate, wood, tiles. Additionally it refreshes area rugs too!
Unlike a mop and bucket, Two-Tank Technology keeps the clean and dirty water separate, so you always clean your floors with fresh water. Natural Multi-Surface Pet cleaning solution removes everyday dirt and grime and leaves your floors clean and home smelling fresh. The included FreshStart™ antimicrobial filter and Clean-out solution continuously work to prevent odours and maintain freshness. When done cleaning your floors, the automatic self-cleaning can be activated by a push of the button to flush out dirt, hair and debris from the brush roll after each use.
