Highlights

Quick and Easy

With a 1.7 litre capacity, the Philips eco conscious kettle is perfect for families or those busy mornings when you want to quickly brew a tea. Despite its size, the compact design will fit neatly on your kitchen counter, making it ideal for modern homes.

Recyclable and Durable

Sustainably designed using 100% Bio-based plastics² to reduce its CO2 footprint by 25%¹ during the production process. This breakthrough material is sure to have a big impact on your kitchen while supporting a more positive outcome for the environment.

Water level with cup indicator

This eco kettle features handy water level indicators, including a one-cup guide, so you boil only what you need. Ideal for eco-conscious homes looking for a fast boil kettle or energy-efficient kettle solution.

1.7 L capacity

With a 1.7 litre capacity, this kettle is suitable for the whole family. Even with its large capacity, its compact design takes up minimal space on your countertop.

Flat heating element

Concealed stainless steel heating element enables fast boiling and easy cleaning.

Pilot light

Elegant indicator light incorporated onto the power switch illuminates when the kettle is turned on.

Anti-limescale filter

The removable anti-limescale filter ensures the water you pour into your cup is clean

Auto switch-off

The automatic switch-off function turns off the kettle when the water is ready or when the kettle is lifted from the base.

Cordless kettle on 360° pirouette

The cordless kettle sits precisely on a 360° pirouette base for easy lifting and seamless replacing.

Specifications

Weight and Dimensions

Product Weight: 970 g
Package Width: 23.7 cm
Product Length: 15.85 cm
Package Length: 20.4 cm
Product Height: 25.39 cm
Product Width: 22.12 cm
Package Height: 24.9 cm
Package Weight: 357.7 g

Safety feature

Automatic shut-off: Yes

General Specification

Warranty: 2 years
Capacity Water tank: 1.7 L
Primary Material: Plastic

Technical Specifications

Voltage: 22-240 V
Frequency: 50-60 Hz
Battery Product: No
Power: 1850-2200 W

Country of Origin

Produced In: China
