

# LIGHT BASE 500

## IDEAL APPLICATIONS

Gaming and multimedia systems  
Elegant set-ups  
Upper entry-level to mid-range configurations

## HIGHLIGHTS

4 preinstalled Pure Wings 3 PWM fans  
Elegant design in a style never used before in a be quiet! PC case  
Numerous customization options such as a lowered fan bay

### Core performance and aesthetics

Light Base 500 stands for a clean design and the core values of gaming: performance, accessibility and functionality. Whether you are a gamer, content creator, or hardware enthusiast: Light Base 500 provides a professional-grade foundation.

#### Highlights

- Angled slide-out fan frame on the side routes air directly to the GPU
- Fans can be installed in the lowered fan bay to line up perfectly with the case floor
- 3 Pure Wings 3 120mm PWM intake fans with reversed fan blades in the side
- 1 Pure Wings 3 120mm PWM fan as a rear exhaust for extraordinary airflow
- Spacious design for radiators up to 360mm, an ATX motherboard, 2 HDDs and 2 SSDs at the same time
- 2 possible PSU positions enable backside connector motherboards
- Filters in the side and the bottom to prevent the system from collecting dust
- Zero RGB for an unobtrusive and elegant appearance in any room
- 3-year manufacturer's warranty
