

### Here comes the Steam Train!

Your child is the driver as the Steam Train comes down the track.

### Colorful and fun way to master building skills!

Your toddler can build the locomotive and more in this exciting set.

## LEGO DUPLO Steam Train

### Push & Go motor makes it easy!

A gentle push forwards or backwards sends the train on its way.

### Add five Action Bricks to the tracks!

Make the train sound its horn, turn lights on and off, change direction and more.

### Download the optional app!

Discover even more play possibilities, including remote control.
