collection features

smarter protection

SUSPENDED TECH CELL

Not just padding. Your device is suspended away from the edge of the pack, isolating it from the bump zone. Because the best impact protection is impact prevention.

smarter organisation

DESIGNED FOR YOU

Exterior front pockets that makes accessing frequently needed files, documents, or other important items quick and easy.

smarter travel

LUGGAGE PASS-THROUGH

PassPort securely and easily connects your pack or brief to other baggage items. It's also integrated with the lumbar support of the back panel. Just our way of taking the lug out of luggage.

smarter design

WATER REPELLENT

Multiple layers of polyurethane form a virtually impenetrable shield to keep water out of your bag. And because our goods are built to last a lifetime, it's friendlier to the environment.

COMFORT CARRY

Our air mesh back panel provides a comfortable carry on hotter days.
