- Pure and simple design

^{*1}Calculation based on the production of the same appliance using bioplastic vs 100% virgin plastic (or virgin polypropylene)

^{**2}Main body made from 100% PP plastic from certified bio-based sources, on a mass balance basis (BioPP is 94% of total plastic).

Highlights

2 slot 830 W compact toaster

This 2-slot Philips Eco Toaster with 830 W power allows you to enjoy your toast exactly how you like it every morning.

Recyclable and Durable

Sustainably designed using 100% Bio-based plastics² to reduce its CO2 footprint by 14%¹ during the production process. This breakthrough material is sure to have a big impact on your kitchen while supporting a more positive outcome for the environment.

Integrated bun rack

Thanks to the integrated bun rack, you can enjoy your favourite warm pastries, rolls and buns separate from your toast.

8 browning settings

Various browning options allow you to toast different types of bread without the risk of burning. Adjust the browning setting to your preferences so your toast is always just how you like it.

Self-centring feature

The self-centring mechanism perfectly centres each slice for even browning results on both sides, regardless of the thickness of your bread.

Defrost and reheat mode

With the defrost and reheat modes, you can defrost and toast frozen bread simultaneously or warm up previously toasted bread in seconds.

Cancel button

The cancel button stops toasting at any time for safe and precise operation.

Removable crumb tray

Crumb tray can be removed easily to make cleaning the toaster effortless.

PVC/BFR free

The Philips Conscious Collection Toaster is made with safe materials that are PVC and BFR free, with secure sealing technology for leak-free use

Specifications

Weight and Dimensions

Product Length: 16.2 cm
Product Width: 28.5 cm
Product Height: 19.9 cm
Product Weight: 1270 g
